

CHAPTER 3

Making Sense of Arguments

Answers to Testbook Exercises 3.1-3.9

Exercise 3.1

1. "This inductive argument is an argument intended to provide probable, not conclusive, support for its conclusion."
2. A deductive argument is an argument intended to provide logically conclusive support for its conclusion.
3. "Deductive arguments are truth-preserving, so if it is not possible for the premises to be deductive arguments for the conclusion, then conclusions in doubt."
4. "Deductive"
5. A strong inductive argument provides strong support for the conclusion, but cannot guarantee the truth.
6. "So, an inductive argument is intended to provide only probable support for its conclusion."
7. "An inductive inductive argument consists in providing probable, but not conclusive, logical support for its conclusion. An deductively valid argument guarantees the truth of its conclusion, as long as its premises are also true."
8. "Strong"
9. "Strong"
10. "True, yes."
11. All deductive arguments are valid.
12. "No"
13. Conclusions of deductive arguments are identical to that either the conclusion is false, or it is not. There is no third middle of truth or falsity.

Exercise 3.2

1. "Step 1: Conclusion: She is a very good athlete.
Premises: "She played hockey at Saint Mary's University. If she played for Saint Mary's, she probably is a very good athlete."

Answer Key For Understanding Arguments Chapter:

The Humble Argument Roy K. Humble, 2023-04-01 The Humble Argument is so much more than a writing textbook It gives you tools tips and tricks that actually explain what a writer does It doesn't sugarcoat the process or dumb down the very real challenges that entering a college writing space requires This book is more like a friend It's the kind of friend that will coach you through a tough time and encourage you and it will make you laugh while you go through it It's the kind of friend who holds your hair back when you're sick of writing and gives you the courage to try again Roy K Humble is the kind of writing teacher who understands the struggle of learning how to write arguments like a college student and doesn't just tell you what you want to hear His lessons here are profound but in the sense that they are delivered by someone who wants you to feel included in the conversation about what good college writing should be He writes to students in language they can understand without becoming English majors and with just enough humor to keep them reading He writes for faculty moving step by step through the unadorned guiding principles of effective formal writing so that faculty have a great framework on which to build their classes Perhaps most importantly Humble understands that the price of a book matters to students so his books are affordable From every perspective Humble gets it The Humble Argument has students covered on these important topics Understanding argument as an idea Grasping the stages of the writing process Organizing an argument around rhetorical principles Thinking for yourself as a college student Crafting a careful and clear thesis Gathering and synthesizing evidence to support a thesis Guiding readers through a thoughtful persuasive essay

Understanding Arguments Robert J. Fogelin, Walter Sinnott-Armstrong, 1991

Social Research Methods Joshua Iyadurai, 2023-06-15

This book demystifies designing and conducting qualitative quantitative and mixed methods research with scientific rigor Social Research Methods benefits researchers from theology and religious studies in designing interdisciplinary research and interacting with social sciences and other disciplines to study contextually relevant issues by focusing on lived religion lived theology lived experience and real world problems Joshua Iyadurai skillfully guides researchers with a step by step guide on the practical nuances of choosing a topic engaging literature selecting a paradigm collecting and analyzing data interpreting the findings and writing a research proposal and a dissertation thesis article for qualitative quantitative and mixed methods research A separate chapter on supervising and examining social research helps students and professors to understand each other's role in field based studies Social Research Methods is an indispensable resource for researchers from theology and religious studies and a valuable practical guide for researchers from social sciences and humanities

Why Read this Book

Instills confidence in researchers to design and conduct qualitative quantitative and mixed methods research with scientific rigor The first of its kind to introduce qualitative quantitative and mixed methods strategies with guidance for choosing a topic and collecting and analyzing data for theology and religious research Up to date and authoritative by arraying current and leading methodology texts with examples for researching lived experiences lived religion and lived theology A step by

step guide for writing every section of a research proposal and for writing each chapter for qualitative quantitative and mixed methods dissertation thesis which will make the research journey pleasant for students Provides tips for writing DMin dissertation and journal article Offers guidelines for supervisors and examiners for assisting and assessing student projects Review Questions and Further Help at the end of each chapter Glossary and Index which are among other helpful resources for researchers An invaluable resource for students and professors from social sciences education development management and the humanities besides theology and religious studies A practical guide for researchers from churches religious bodies NGOs and others Review Quotes Compared to other approaches to theology and religious studies missiology has the propensity to use social science methods This clearly written introduction to complex terrain will enable students to navigate it and develop tools for their own project and students are more likely to recognize their research interests in its examples Especially useful features include the glossary and the section on student supervisors mentors and examiners This volume is authoritative and cognisant of other leading texts KIRSTEEN KIM Pierson Professor of World Christianity Fuller Theological Seminary co editor of The Oxford Handbook of Mission Studies This textbook fills an important niche for postgraduate researchers embarking on empirical research in Practical Theology or Religious Studies Those who have little or no background in the social sciences will find this a clear and well structured introduction on how to conceive a research project and what methods are available to answer their research questions Reading this before they embark on their journey could save a lot of problems further down the road ANDREW VILLAGE Professor of Practical and Empirical Theology York St John University author of The Church of England in the First Decade of the 21st Century Here is a fascinating and engaging handbook every researcher in theology and religious studies should read and assimilate It fulfils a felt need by pooling the wealth of sociological methodologies and applying them to the scientific study of lived religion The author has done a unique service and his work will remain a point of reference for years FELIX WILFRED Founder and Director of Asian Centre for Cross Cultural Studies Chennai editor of The Oxford Handbook of Christianity in Asia It is very good to see the use of social science methods being developed to aid religious studies and theological research My hope is that this very practical book using such up to date resources as Alan Bryman s Social Research Methods OUP now in its fifth edition will help to develop this important form of study further ROBIN GILL Emeritus Professor of Applied Theology University of Kent author of the trilogy on Sociological Theology This volume fills an important gap in the field by bringing social scientific methods into theology and religious studies All parties in this conversation have much to gain from a sustained dialogue and this book moves us in that direction JOHN BARTKOWSKI Professor Sociology University of Texas at San Antonio This is a valuable resource written in a way that theological students will understand and supervisors will appreciate It takes the student by the hand from the formulation of the research topic through methodological positioning and choices and closes with a chapter on supervision expectations I look forward to prescribing it to my own postgraduate students NADINE BOWERS DU TOIT

Professor Theology and Development University of Stellenbosch editor of *Race Faith and Inequality amongst Young Adults in South Africa* The highly readable yet exhaustive and authoritative text covers all aspects of the variety of methods available to contemporary scientists who either produce or evaluate empirical research The text is intended for students and scholars of theology and religious studies but anyone interested in how religion is practiced in different cultural contexts and want to understand individual lived experiences and interpretations will find this text an invaluable guide RALPH W HOOD Jr Professor of Psychology University of Tennessee co editor of *Research in the Social Scientific Study of Religion* series Upon launching out on research students and scholars are always on the lookout for good books on research methodology In Dr Iyadurai s book they will find an excellent manual spanning the length and breadth of what they are looking for I strongly recommend this book to all those engaged in research FRANCIS GONSALVES SJ President Jnana Deepa Pontifical Athenaeum of Philosophy Theology author of *God of Our Soil Towards Subaltern Trinitarian Theology* Joshua Iyadurai has been teaching research methods to PhD students in Christian Studies for over a decade He is an expert facilitator in this hybrid field helping both theology and religious studies students use social research methods more rigorously and effectively This book will be immensely helpful to anyone wanting to do research in the field of religion as well as to those in classes focused on research methods I highly recommend it ROBERT K JOHNSTON Professor of Theology and Culture Fuller Theological Seminary co author of *Deep Focus Film and Theology in Dialogue Social Research Methods for Students and Scholars of Theology and Religious Studies* is a masterpiece that draws from Joshua s experience of teaching social research for two decades The book aims to catalyze theological scholarship using social research methods with scientific precision Scholars educators and graduate students will find this text a welcome resource I highly recommend it DAVID TARUS Executive Director Association for Christian Theological Education in Africa ACTEA author of *A Different Way of Being*
