Hacking takes a modern approach to language learning blending the power of online social collaboration and the 80/20 principle of learning. It focuses on the conversations and language that learners need to master right away rather than presenting language in the order of difficulty like most courses. This means you can start having conversations immediately. Course Features: Each of the 10 units culminates with a speaking mission that you can choose to share on the iTalki Language Hacking learner community www.italki.com/languagehacking where you can give and get feedback and extend your learning beyond the pages of the book. The audio for this course is available for free on library.teachyourself.com or from the Teach Yourself Library app. You don't need to go abroad to learn a language any more.
