Animated by a vision of peaceful voluntary cooperation as a social ideal and building on a careful account of non aggression it features a clear explanation of why the state is illegitimate dangerous and unnecessary. It proposes an understanding of how law enforcement in a stateless society could be legitimate and what the optimal substance of law without the state might be. It suggests ways in which a stateless legal order could foster the growth of a culture of freedom and situates the project it elaborates in relation to leftist anti capitalist and socialist traditions.
