

Lesson: Foreign Policy

Background Information: The Cold War was a time period of hostilities and tensions between the two superpowers, the United States and Soviet Union. The US and USSR had different political and economic ideologies. The US supported capitalism and a democracy and the USSR supported

communism and a dictatorship. Both the US and USSR wanted to spread their views. Ronald Reagan believed the Soviet Union was an evil empire. He took a strong stance against the USSR. He wanted the United States to be at a position of strength when dealing with the USSR. His plan was to increase the US military spending by \$300 million. Part of this plan included the development of new weapons that could combat Soviet missiles in space. That is how the name "Star Wars" came about.

... Ronald Reagan earned office [the presidency] as the most emphatic anti-Soviet American chief executive since Harry Truman, who presided over the beginning of the Cold War. The Reagan administration was committed to stepping up the competition with the Soviet Union in the areas where the rivalry was sharpest. It accelerated the most expensive peacetime military buildup in American history and began the Strategic Defense Initiative (this was often referred to as Star Wars), which was designed to free the world from the nuclear stalemate in which each side's society was hostage to the weapons of the other. But the Reagan years have demonstrated the limits to both policies. They have made it clear that the United States, like the Soviet Union, will have to settle for military equilibrium in the great power rivalry...
