See You at the Finish Line Donald J. Wilton, 2006-10-15 Every Christian knows that life can be tough at the best of times Just as the running of a race takes extreme effort so it is that the Christian life is often a struggle but one well worth the effort The reality of life s journey can present major challenges Like a runner we need proper training and encouragement to make it to the finish line Dr Don Wilton uses the Book of Hebrews while drawing on his personal journey as a training manual for the race God has called us to run As we maneuver the course and cross the finish line we show others that living the Christian life really does make a difference Resources in Education ,1998 Measurement in Education Jacob Samuel Orleans,1937 *Engineering News-record* ,1897 **Engineering News and American Railway Journal** ,1896 **Digest of Education Statistics** ,2010 Contains information on a variety of subjects within the field of education statistics including the number of schools and colleges enrollments teachers graduates educational attainment finances Federal funds for education libraries international education and research and development **The Missing Half** Alison Kelly,1981 Bundeling van beshcouwingen over het waarom van het ondervertegenwoordigd zijn van meisjes in exacte wetenschappen Het boek kan onderverdeeld worden in drie delen Ten eerste worden de verschillende theorie n over deze ondervertegenwoordiging op een rijtje gezet Vervolgens worden de onderzoeksresultaten hieromtrent besproken Deze werpen een licht op de determinanten van studiekeuze bij meisjes en op de attitudes van leerkrachten t o v wetenschappelijk begaafde meisjes Tot slot geven leerlingen en leerkrachten hun eigen mening en suggeren strategie n om de resultaten van meisjes te verbeteren *Responsibility to Protect* Alex J. Bellamy,2013-04-24 At the 2005 UN World Summit world leaders endorsed the international principle of Responsibility to Protect R2P acknowledging that they had a responsibility to protect their citizens from genocide and mass atrocities and pledging to act in cases where governments manifestly failed in their responsibility This marked a significant turning point in attitudes towards the protection of citizens worldwide This important new book charts the emergence of this principle from its origins in a doctrine of sovereignty as responsibility through debates about the legitimacy of humanitarian intervention and the findings of a prominent international commission and finally through the long and hard negotiations that preceded the 2005 commitment It explores how world leaders came to acknowledge that sovereign rights entailed fundamental responsibilities and what that acknowledgment actually means The book goes on to analyze in detail the ways in which R2P can contribute to the global effort to end genocide and mass atrocities Focusing on the prevention of these crimes and the improvement of the world s reaction to them the book explores the question of how to build sustainable peace in their aftermath Alex J Bellamy argues that although 2005 marked an important watershed much more work is needed to defend R2P from those who would walk away from their commitments and in the words of UN Secretary General Ban Ki moon to translate the principle from words into deeds This fascinating book will appeal to students and scholars of international relations international affairs human rights and humanitarian
