Student Exploration: Force and Fan Carts

Vocabulary: force, friction, position, speed

Prior Knowledge Questions (Do these BEFORE using the Gizmo.)

1. If you are pushing a shopping cart and you start pushing harder, what happens?

2. What happens to a shopping cart if you get it rolling and then release it?

Gizmo Warm-up

1. In the Gizmo™, turn the fan Off. Click Play (▶). Did the cart move? _____

2. Click Reset (↺). Press the Low fan speed button to turn on the fan. Click Play. What happened?

3. A **force** is something that causes change in motion. What provided the force that made the cart speed up?

4. The speedometer shows the cart's **speed**, or how fast it moves. A speed of 30 cm per second means the cart moves 30 cm every second. What was the final speed of the cart?

5. **Friction** is a force that works against motion as surfaces rub each other. Click Reset. Select the low friction surface. Click Play. What was the final speed this time?

GLOBE Program Teacher's Guide ,1996 **The GLOBE Program Teacher's Guide** ,1996 **Classroom Testing and Assessment for ALL Students** Spencer J. Salend,2009-11-10 A rare opportunity for the new generation of educators to learn alongside a well known and experienced educator to integrate all learning styles into assessments Principals should consider this for faculty book studies The presented techniques will no doubt raise standardized test scores while teachers continue to present real curriculum Janette Bowen Sixth Grade Teacher Junction City Middle School KS Give all students an equal chance to perform well on your classroom tests and assessments In today s diverse classrooms students of different socioeconomic linguistic and cultural backgrounds and ability levels share a common learning environment To meet each student s unique strengths and needs educators need flexible testing and assessment strategies that fulfill the requirements for standardized assessment and accountability in ways that don t put students at a disadvantage because of their differences Classroom Testing and Assessment for ALL Students helps both general and special education teachers meet and move beyond the challenges of NCLB and IDEA by using teacher made tests appropriate testing accommodations technology based testing and classroom based assessments that support the teaching and learning process so all students have the opportunity to succeed The book offers ways for teachers to better differentiate their testing and assessment strategies through Classroom and school based examples in each chapter Bulleted information outlining hands on research based strategies for teacher implementation Forms reproducibles stories vignettes reflection questions and checklists that guide educators in applying and tailoring the strategies to their classrooms and students Tips on using technology to help all students perform better Teachers know their students best This resource allows teachers to design tests and assessments to accommodate the various strengths and needs of all learners in their classroom Project-Based Learning Applied to the Language Classroom Juliana Franco Tavares/ Louise Emma Potter,2018-03-05 In Project Based Learning Applied to the Language Classroom the authors propose a way to develop PBL in the language classrooms taking into account all of the obstacles and specifics involved in teaching a foreign language It is about teaching English as a second or foreign language using Project Based Learning PBL We approach this combination because many people seem to think about implementing PBL in their language classes and ask questions about how to do it but feel that there aren t enough materials based on this methodology In fact most researchers and writers we have come across discuss the applications of PBL in the students mother tongue to subjects such as Math History Literature Social Studies and Science However there are few published works about the specifics of PBL in foreign language classes Besides it seems obvious to us that the main difficulty in developing projects in a second or foreign language lies exactly on the fact that communication may be hindered when students do not have enough knowledge in the target language **Resources in Education** ,1976 **Bloomsberry Class 3 Semester 2 Solution Book (Year 2023-24)** ,2024-01-02 Teacher s Resource Book Lessons plans answer keys hints and many other Goyal Brothers Prakashan
