Names Fashioned by Gender Thenjiwe Meyiwa, Madoda Cekiso, 2023-12-01 Names are very powerful and significant especially in the African context Across societies there is a universal albeit taken for granted fact that all human beings have names Names Fashioned by Gender is a collection of essays on onomastics a linguistics field of study focusing on the origin form history and use of proper names The study of naming potentially provides significant evidence about the role of gender in the assimilation and or enculturation processes as personal names evoke insight into the construction of gender and personhood in African societies The book takes intellectual course from the idea that how names are viewed and used is heavily context dependent and gendered It demonstrates that personal names are narratives derived from different contexts within various cultures and circumstances subsequently imposing different identities on name bearers Through persuasive essays this book elucidates that naming is an activity that needs to be conducted cautiously because names tend to determine the destiny and character of an individual Print editions not for sale in Sub Saharan Africa **Intersectionality and**

Women's Access to Justice in Africa J. Jarpa Dawuni, 2022-10-17 Intersectionality and Women's Access to Justice edited by J Jarpa Dawuni propounds layered intersectionality as a paradigm for examining how gendered factors affect women's access to justice whether as judges or litigants Through intersectional and decolonial frameworks the contributors analyze the lived experiences of women and their access to justice by situating the courtroom as both a spatial and a temporal arena for seeking justice as litigants and for seeking access to the bench as judges This book examines patterns of mutually reinforcing discriminatory practices that women share based on common gender identities and depending on which identities are at play at a given point in time in both traditional and statutory courts The book provides recommendations for various justice sector providers *Accessions List, Eastern Africa* Library of Congress. includes cumulative main and added entry index for the monographs listed in that year I WILL TRY David Kamtima Mzembe, 2013-03-15 A Globalised Individual Each time I review my humble beginnings in the northern shores of Malawi I can't help but see a long and torturous yet rewarding journey through life Long and torturous because many tedious and risky trips to various parts of the world were involved and rewarding because the journeys involved exciting and enlightening experiences I suppose the most rewarding outcome from the journeys is my having become a globalized individual This spiritual and intellectual maturation is as much the result of my experience with the diversity of humanity across the globe as it is the result of my unrelenting pursuit of secular and spiritual education Yet my role in the fight against a dictatorship and poor human rights conditions in Malawi didn't play an insignificant role in my personal growth Therefore the history of my personal growth is a history of world travel secular education and many solicitous trips into my inner space As a globalized individual not only am I free of all forms of prejudice I am also capable of a world embracing vision that extends well into the future of humanity I am thus open minded and a believer in peace and unity at all levels of the world community Moreover I

am a lover of God people and nature a disposition of spirituality and freedom Thus because I love I am free Birth Reflections and childbirth was ever a matter exclusive to the world of women Even today no male is allowed to attend a traditionally supervised birth and no male apart from the father is allowed to see the newly born child until the ritual of showing the baby out a couple of weeks later is complete Although modern hospitals and clinics encourage men to witness the birth of their children most men don t feel free to attend in fear of lifting the perceived sacredness surrounding child birth Fighting Upon Arrival My generation in Malawi was fated to face successive life battles that would threaten on multiple fronts from day one Right from birth we faced inadequate nutrition poverty and disease It was only by nature s design that our infantile entry into battle with our adversaries did accelerate our defences against them Another battle we were born into was to retain our cultural identity and political independence in the face of a foreign government over us The fight for freedom brought turmoil and fear into my growth environment and the fight protracted into my early years so that I actually experienced its heat then It was rather unfortunate that soon after independence from Britain and before we could find our own voice in the world community of nations we had to enter another battle against home grown autocracy and repression a battle that my generation would own and which would exile me It was the fight against autocracy and repression that saw me on the frontline of the political and diplomatic offensive against the regime of Dr Banda in Malawi Thus this story is about my life at the centre of all those life battles especially the battle against dictatorship in Malawi a fight that kept me in exile for an extended period of time
