Butterflies on a Sea Wind Anne Rudloe, 2012-11-06 This memoir by a marine biologist sings the life of a beginning Zen practitioner with a haunting beautiful appreciation of the natural world Publishers Weekly Anne Rudloe was attracted to Zen as a college student But it seemed premature for a twenty one year old to focus on

the difficulties of life when she d hardly begun to live Twenty five years later she was ready to explore the spiritual discipline that originated in Asian monasteries more than a millennium ago Rudloe s quest is compellingly chronicled in *Butterflies on a Sea Wind* which combines the rigor of formal monastic Zen practice with the challenges of integrating Zen concepts into modern daily life Her narrative describes both the physical and mental demands of Zen retreats and how she applied what she learned there to her work as a marine biologist in Florida as well as to the rigors of raising children and caring for an elderly grandmother In words that intimately draw in her readers she describes how Zen helps us look inward and use the wisdom we find there to reach out to others During the 1990s the number of organized Buddhist centers in this country grew more than 40 percent from 429 to 1 062 While there are many books about Zen on the market today few give a clear picture of what it s like to actually sit down and begin a meditation practice and then apply it to a daily life Likewise few books discuss the types of issues most people face every day raising a family and earning a living *Butterflies on a Sea Wind* does all this and more
