Fusion for Profit Sharan Jagpal, with the assistance of Shireen Jagpal, 2008-09-26 The corporate world is typically structured in silos Managers urgently need to overcome this silo effect by fusing ideas across different functional areas in the firm In Fusion for Profit Sharan Jagpal a well known and highly respected multidisciplinary researcher and business consultant explains in simple language using real world examples how managers can use sophisticated concepts to fuse different functional areas in the firm especially marketing and finance to increase the firm's value

Encyclopedia of Sports Management and Marketing Linda E. Swaine, Mark Dodds, 2011-08-08 This four volume set introduces on the management side principles and procedures of economics budgeting and finance leadership governance communication business law and ethics and human resources practices all in the sports context On the marketing side this reference resource explores two broad streams marketing of sport and of sport related products promoting a particular team or selling team and sport related merchandise for example and using sports as a platform for marketing non sports products such as celebrity endorsements of a particular brand of watch or the corporate sponsorship of a tennis tournament Together these four volumes offer a comprehensive and authoritative overview of the state of sports management and marketing today providing an invaluable print or online resource for student researchers

Legal Reasoning and Political Conflict Cass R. Sunstein, 2018 In Legal Reasoning and Political Conflict Cass R. Sunstein one of America's best known commentators on our legal system offers a bold new thesis about how the law should work in America arguing that the courts best enable people to live together despite their diversity by resolving particular cases without taking sides in broader more abstract conflicts Professor Sunstein closely analyzes the way the law can mediate disputes in a diverse society examining how the law works in practical terms and showing that to arrive at workable practical solutions judges must avoid broad abstract reasoning He states that judges purposely limit the scope of their decisions to avoid reopening large scale controversies calling such actions incompletely theorized agreements In identifying them as the core feature of legal reasoning he takes issue with advocates of comprehensive theories and systemization from Robert Bork to Jeremy Bentham and Ronald Dworkin Equally important Sunstein goes on to argue that it is the living practice of the nation's citizens that truly makes law Legal reasoning

can seem impenetrable mysterious baroque Legal Reasoning and Political Conflict helps dissolve the mystery Whether discussing abortion homosexuality or free speech the meaning of the Constitution or the spell cast by the Warren Court Cass Sunstein writes with grace and power offering a striking and original vision of the role of the law in a diverse society In his flexible practical approach to legal reasoning he moves the debate over fundamental values and principles out of the courts and back to its rightful place in a democratic state to the legislatures elected by the people In this Second Edition the author updates the previous edition bringing the book into the current mainstream of twenty first century legal reasoning and judicial decision making focusing on the many relevant contemporary issues and developments that occurred since its initial 1996 publication
