If professional advice or other expert assistance is required, the services of a competent professional person should be sought.

Abstract

These authors proposed a group of three related adaptive algorithms for the estimation of the parameters of the unknown system. The first algorithm is based on the least squares method, the second on the recursive least squares method, and the third on the recursive least squares method with forgetting factor. The authors also proposed a new algorithm for the estimation of the parameters of the unknown system. The authors also proposed a new algorithm for the estimation of the parameters of the unknown system. The authors also proposed a new algorithm for the estimation of the parameters of the unknown system.
