

Read the following passage and answer the question as either TRUE, FALSE or IMPOSSIBLE TO SAY based on the information provided.

Speaker 1. Grammar provides the structure upon which all writing is built. Without grammar, the world would fall into chaos. Life as we know it would plunge into abject mediocrity. One can only imagine the catastrophe that would befall the world without the invention of grammar. Commands from generals in the battlefield would be mistranslated. Public transport would be utterly disrupted. I can't imagine a world without grammar, and I'm not sure I want to.

Speaker 2. Some people are extremely uppity about grammar. I'm not that bothered by it. The main thing for me, when reading a book, is that I can understand what is being said. I appreciate that grammar is particularly useful, and can help to distinguish between certain types of phrases and words when used correctly, but for the most part I can get along just fine without precise or perfect grammar. That being said, I appreciate that grammar makes a big impact on the world we live in, and that when it comes to public affairs it can make a big difference to the way things are perceived. Grammar matters, just not as much as people think it does.

Question:

Speaker 1 believes that public transport would suffer, if grammar did not exist.

☐ True

☐ False

☐ Impossible To Say
