Comprehension (Unseen Passage)

Comprehension of a Passage :

Comprehension is the noun form of 'Comprehend.'

To comprehend means to grasp mentally in order to have full understanding of a thing. Comprehension is a person's power of understanding a given unseen passage. It is a very light exercise. The students should first grasp the sense of the passage, fully understand the nature of the questions and then answer the questions in their own words. The answers should be brief and to the point. Comprehension forms the basis of Precise-writing which in its turn leads to composition writing. Thus comprehension plays a very significant part in the mental development of the students learning English.

Given below are some instructions which would suggest to be of great help in answering satisfactorily the questions set on a passage.

1. Read the passage carefully two or three times so that the theme of the passage may be understood.
2. Read the questions carefully and underline the relevant portions of the given passage which you feel should be the most suitable answers.
3. Now write answer to the questions in simple, easy and current language.
4. Remember that the answers should be your own composition. Do not try to copy the very words of the passage.
5. The answers must have sound grammatical construction. Great care should be taken in the use of punctuation also.
6. Several answers should not be put in the same paragraph. Each answer should be written in a separate paragraph and should have its number corresponding to that of the question.

EXAMPLE-1

A giant in stature, with long hair, wearing a bottle green fur lined overcoat and round seal skin cap on his head, Oscar Wilde arrived in New York on 2nd of January 1882 on a lecture tour. He was mobbed by reporters who asked him (much to his irritation) unimportant questions such as how he liked his eggs fried? How he trimmed his finger nails? And what temperature he preferred his bath to be? His answers showed a total lack of interest.
