Averaged over the year 2007, the following table contains counts (in thousands) of persons aged 25 and older, classified by education attained and employment status:

| Some college                | 34,612   | 1,275      | 13,944             | 49,831  |
