Answer To The Song Dynasty Packet:

The Problem of Beauty Mark Halperin, 2020-03-23 The intense piety of late Tang essays on Buddhism by literati has helped earn the Tang its title of the golden age of Chinese Buddhism In contrast the Song is often seen as an age in which the literati distanced themselves from Buddhism This study of Song devotional texts shows however that many literati participated in intra Buddhist debates Others were drawn to Buddhism because of its power which found expression and reinforcement in its ties with the state For some monasteries were extravagant houses of worship that reflected the corruption of the age for others the sacrifice and industry demanded by such projects were exemplars worthy of emulation Finally Buddhist temples could evoke highly personal feelings of filial piety and nostalgia This book demonstrates that representations of Buddhism by lay people underwent a major change during the Tang Song transition These changes built on basic transformations within the Buddhist and classicist traditions and sometimes resulted in the use of Buddhism and Buddhist temples as frames of reference to evaluate aspects of lay society Buddhism far from being pushed to the margins of Chinese culture became even more a part of everyday elite Chinese life
