Meeting the Needs of Reunited Refugee Families Sarah Cox, 2023-11-14 This book explores the gap between policy practice and academic literature within language learning for refugees and argues that a multilingual approach which combines translanguaging principles decolonising methodology and linguistic hospitality provides a more accessible starting point than current monolingual pedagogies It considers the multilingual and multilateral approach laid out within Scotland's New Scots Refugee Integration Strategy which recognises the importance of linguistic diversity and two way integration The divide between policy practice and theory points towards the need to counteract the dominant monolingual social cohesion narrative through suitable pedagogies which highlight linguistic diversity in a positive way The author suggests ecologising as an alternative language pedagogy drawing on three key findings the significance of decolonising collaborative learner teacher relationships during the liminal phase of refugee arrival the importance of place and orientation and an increased understanding of language and languaging

German Encounters with Modernity Katherine Roper, 2023-08-21 The novels of Imperial Berlin comprise a body of material of immense historical richness Their importance as a historical source lies in the intricate connections their authors make between the individual lives of characters a modernizing city and a newly unified nation These connections and the values and assumptions behind them are the focus of this study In creating these connections as fictional representations of their society Berlin novelists not only reflected societal values but also were molding them by contributing to the social discourse in which they evolved Taken together their works constitute a significant piece in the complicated puzzle of how the society of Imperial Germany as it underwent the social and economic upheavals of modernization transformed the rule of traditional elites into new authoritarian forms Using individual works to analyze fictional treatment of a spectrum of problems of nationhood and modernity I argue that Berlin novelists were using their works for two significant social purposes to search for a German identity that spoke to modern realities and to envision a particularly German revolution that would bring genuine national greatness As the young nation matured however these visions became increasingly elusive They were impeded I suggest by specific obstacles including traumatic historical events inherited cultural ideals powerful mythologies social anxieties and political indifference This book documents what Berlin

novelists conceived as a struggle for Germany's soul and traces the stages of its defeat *International Encyclopedia of Human Geography*, 2019-11-29 International Encyclopedia of Human Geography Second Edition Fourteen Volume Set embraces diversity by design and captures the ways in which humans share places and view differences based on gender race nationality location and other factors in other words the things that make people and places different Questions of for example politics economics race relations and migration are introduced and discussed through a geographical lens This updated edition will assist readers in their research by providing factual information historical perspectives theoretical approaches reviews of literature and provocative topical discussions that will stimulate creative thinking Presents the most up to date and comprehensive coverage on the topic of human geography Contains extensive scope and depth of coverage Emphasizes how geographers interact with understand and contribute to problem solving in the contemporary world Places an emphasis on how geography is relevant in a social and interdisciplinary context **Report of the Proceedings of the ...
