Global Trend Trauma Healing:

Health, Healing, and Shalom Bryant L. Myers, Erin Dufault-Hunter, Isaac B. Voss, 2015-11-17 Frontiers and Challenges for Christian Healthcare Missions Ever since Jesus's proclamation in word and deed as the Great Physician his followers in mission have assumed that salvation and health are intertwined Yet for every age Christians need to examine how they can best announce the gospel message of God's healing in word and deed in their own context In our era we are often simultaneously grateful for modern medicine and frustrated by its inability to care for the whole person in effective affordable ways In this edited volume authors with an interest in health missions from a wide variety of experiences and disciplines examine health and healing through the theological lens of shalom This word often translated peace names a much more complex understanding of human well being as right relationships with one another with God and with creation Reading various aspects of healthcare missions through these glasses not only yields much needed correctives to current practice but also exposes the Spirit's invitation to participate in God's ongoing work of tending caring and healing our broken world

Handbook on the Clinical Treatment of Adopted Adolescents and Young Adults Doris Bertocci, Christopher Deeg, Linda A. Mayers, 2023-08-11 This collection bridges the voices of international scholars and adopted persons to share knowledge about clinical practice with adopted people in adolescence and early adulthood Coming at a time when countries are beginning to focus on adoption reform this handbook is the first to address not only the external systemic contributions to their developmental complexities but also the underlying internal meanings of being adopted as children become adolescents and mature into adulthood It explains how adopted clients differ from those not adopted and emphasizes the need for clinical research on adopted people in this older age group Exploring how clinicians can understand their client s clinical needs it offers specific protocols and frameworks for assessment and necessary modifications in language and treatment With a foreword by Miriam Steele chapters examine the legal and sociopolitical cultures policies and practices in which adoption is embedded calling for broad systemic change Embracing theoretical conceptual and global perspectives this handbook is written for clinicians in all disciplines at all tiers of practice administration and training identifying the key roles they can potentially play in expanding and better focusing our understanding of the psychology of being adopted **Ethnocultural Perspectives on Disaster and Trauma** Anthony J. Marsella, Jeanette L. Johnson, Patricia Watson, Jan Gryczynski, 2007-11-26 Crises do not occur in cultural vacuums but help often does Good intentions are not enough Lack of cultural understanding sensitivity and competencies can hamper and even harm the professional response to disasters To help and heal one must know and understand the cultural background of disaster victims Ethnocultural Perspectives on Disaster and Trauma offers readers substantive knowledge in these three vital areas of disaster response In this pioneering volume experts on individual and collective trauma experience posttraumatic stress and related syndromes and emergency and crisis intervention share

knowledge and insights on the cultural context of working with ethnic and racial minority communities during disasters In each chapter emotional psychological and social needs as well as communal strengths and coping skills that arise in disasters are documented for major minority groups in the United States including specific chapters on African Americans Native Americans Arab Americans Asian Indians Chinese Americans Caribbean Americans Latin Americans Native Hawaiians and Vietnamese Americans Each chapter features information on Demographics major historical events and core values of each population Important cultural insights including communication styles culture specific disorders and valid assessment instruments Therapeutic and healing traditions versus conventional medicine and therapy Perspectives specific to the population s experience with disaster and trauma Authors recommendations for improving services to the population Practical appendices for readers new to the field This unique volume is a cultural competency compendium that will increase to the effectiveness of all who respond to disasters It will also be of interest and value to scholars policy makers and health professionals working in the areas of disaster management crisis intervention and trauma Ethnocultural Perspectives on Disaster and Trauma points readers to what the editors call the path beyond simple assistance to healing and the restoration of hope and meaning

Designing to Heal Jenny Donovan, 2013-04-22 Designing to Heal explores what happens to communities that have suffered disasters either natural or man made and what planners and urban designers can do to give the affected communities the best possible chance of recovery It examines the relationship that people have with their surroundings and the profound disruption to people s lives that can occur when that relationship is violently changed when the familiar settings for their lives are destroyed and family friends and neighbours are displaced incapacitated or killed The book offers a model of the healing process outlining the emotional journey that people go on as they struggle to rebuild their lives It outlines the characteristics of the built environment that may facilitate people to travel as smoothly as possible down this road to recovery and suggests elements of the design process that can help achieve this goal Designing to Heal highlights the importance of thinking about urban design as a way of nurturing hope and creating the optimal conditions to achieve social objectives
