Toyota's brand recognition followed by the story of a short but profound tour of duty in the Vietnam of 1968 to more about Bozzy to the fascinating story behind the use of colors in politics through time to the obscure story behind the 1.5 billion candle power beacon that one brought planes into Chicago. The essays go on with the real story of the French Fry and its birth in the Meuse Valley of Belgium to a look behind the doors and later open spaces that define the offices of our times to the truth behind spokespersonship both commercial and political and winding up with a rollicking recollection of the public relations business and the author's role in it in the Chicago of the 1970's. Each essay is preceded with a backstory on how and why Chuck engaged that topic. All in all, Apple Pressings is a biography of our times and a time worth reliving.
