Film Style and the World War II Combat Genre Stuart Bender, 2014-08-11 *Film Style and the World War II Combat Genre* is a detailed examination of the stylistic means by which filmmakers depict stories of combat The work furthers contemporary discussions by analyzing a range of World War II combat films to a degree of detail which has previously escaped critical attention This substantial examination of cinematography sound editing and acting in a range of movies including *Saving Private Ryan* *Windtalkers* *Bataan* and *Objective Burma* demonstrates the importance of close attention to the textual construction of these films specifically as well as cinematic texts more generally The work advances the original analytic descriptions of controlled spontaneity and reported realism as theoretical concepts which explain why viewers regard certain stylistic techniques as realistic This notion of realism is then further understood through reference to a body of research in cognitive psychology to argue that the density of audio visual information in contemporary combat films is a significant factor in creating a sense of realism

myths and rhetoric that have swept us into cyberspace Booklist starred review In the early 1960s computers haunted the American popular imagination Bleak tools of the cold war they embodied the rigid organization and mechanical conformity that made the military industrial complex possible But by the 1990s and the dawn of the Internet computers started to represent a very different kind of world a collaborative and digital utopia modeled on the communal ideals of the hippies who so vehemently rebelled against the cold war establishment in the first place From Counterculture to Cyberculture is the first book to explore this extraordinary and ironic transformation Fred Turner here traces the previously untold story of a highly influential group of San Francisco Bay area entrepreneurs Stewart Brand and the Whole Earth network Between 1968 and 1998 via such familiar venues as the National Book Award winning Whole Earth Catalog the computer conferencing system known as WELL and ultimately the launch of the wildly successful Wired magazine Brand and his colleagues brokered a long running collaboration between San Francisco flower power and the emerging technological hub of Silicon Valley Thanks to their vision counterculturalists and technologists alike joined together to reimagine computers as tools for personal liberation the building of virtual and decidedly alternative communities and the exploration of bold new social frontiers Shedding new light on how our networked culture came to be this fascinating book reminds us that the distance between the Grateful Dead and Google between Ken Kesey and the computer itself is not as great as we might think Contemporary Psychological Research on Social Dilemmas Ramzi Suleiman, 2004-06-21 It is organized around four core issues individual differences which determine people's preferences for outcomes that promote either their own or their group's well being the study of dynamic processes based on simulations of artificial societies social dilemmas that emerge in intergroup conflicts and the effect of various types and sources of uncertainty on behavior in social dilemma situations BOOK JACKET *A fantástica fábrica de filmes* Ana Carolina Garcia, 2020-08-05 Como toda indústria do cinema também tem seus prós e contras momentos de glória na mesma intensidade de períodos de derrota e declínio Contudo desde o seu nascimento Hollywood nos envolve com suas produções Nas páginas de seu livro Ana Carolina Garcia faz uma retrospectiva desde o instante em que tudo começou até o século XXI Em linguagem fácil a autora faz uma análise dessa história a fim de apresentar o desenvolvimento do cinema desde seus primórdios tecer comentários sobre os estilos os diferentes gêneros a interação com a mídia televisiva e abordar as principais premiações e sua importância A fantástica fábrica de filmes a obra ideal para saciar a curiosidade dos amantes da sétima arte e propiciar entretenimento na dose certa The Routledge Introduction to Canadian Crime Fiction Pamela Bedore, 2024-02-27 Who are the most important Canadian crime and detective writers How do they help represent Canada as a nation How do they distinguish Canada's approach to questions of crime detection and social justice from those of other countries The Routledge Introduction to Canadian Crime Fiction provides a much needed investigation into how crime and detection have been and will be represented within Canada's national literature with an attention to contemporary popular and literary texts The book draws together a representative set of established Canadian authors who would appear in
