Library Journal Melvil Dewey, Richard Rogers Bowker, L. Pylodet, Charles Ammi Cutter, Bertine Emma Weston, Karl Brown, Helen E. Wessells, 1880 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately *Death and Dying in Tupac's Music* Christopher Skrypzak, 2023-03-01 Seminar paper from the year 2022 in the subject English Language and Literature Studies Other grade 1 3 Ernst Moritz Arndt University of Greifswald Anglistik Amerikanistik course Death Dying in the United States language English abstract Past analyses of violence in rap music mostly focused on quantitative surveys of certain semantic references or tried to answer the question to which extent listener's musical preferences influence their relationship with violence While approaches of this kind may have its merits in detecting general trends they often miss to address differences in the quality of these references because they largely ignore the context in which they are made thus diminishing their explanatory value for cultural characteristics The objective of this paper is three fold Firstly it aims to

reveal the broad spectrum of death depictions in Tupac's music. Secondly, it intends to create appreciation for the frequent thoughtful depiction he shows as well as to raise sympathy even for seemingly careless expressions of death by trying to explain the subconscious rationale behind it. This will be especially useful for readers not familiar with rap in its original cultural context. Thirdly, it will place these depictions in the broader context of American culture, thereby revealing a continuity with political, social, and cultural developments in American society at large and African American culture in particular. The argument will be made that rather than being an example of a counter culture that is breaking with society's values, Tupac's gangsta raps can also be considered a direct product of mainstream culture. After the historical background that shaped the environment Tupac grew up in is explored in chapter two, the third chapter will introduce three categories which can be used to systematize references of death in his songs. In chapter 4, notable examples of his lyrics are categorized and their context is explained, with special focus being put on trends in American culture and how they influenced Tupac's biography in order to explain them. The concluding section will then discuss the possibilities an approach like this presents and identify what can be learned about culture by examining a society's cultural products. The goal is not to solve contradictions prevalent in rap music but rather to emphasize their correlation with society's contradictions which manifest in its institutions and the cultural practices of its members.
