The Essential Guide to Children's Books and Their Creators, Upon publication Anita Silvey's comprehensive survey of contemporary children's literature *Children's Books and Their Creators* garnered unanimous praise from librarians, educators, and specialists interested in the world of writing for children. Now *The Essential Guide to Children's Books and Their Creators* assembles the best of that volume in one handy, affordable reference geared specifically to parents, educators, and students. This new volume introduces readers to the wealth of children's literature by focusing on the essentials: the best books for children, the ones that inform, impress, and most important, excite young readers. Updated to include newcomers such as J. K. Rowling and Lemony Snicket and to cover the very latest on publishing and educational trends, this edition features more than 475 entries on the best-loved children's authors and illustrators, numerous essays on social and historical issues, thirty personal glimpses into craft by well-known writers, illustrators, and critics, and invaluable reading lists by category. *The Essential Guide to Children's Books and Their Creators* summarizes the canon of contemporary children's literature in a practical guide essential for anyone choosing a book for or working with children.

Collaborative Literacy
Susan E. Israel, Dorothy A. Sisk, Cathy Collins Block, 2007. Use these gifted and higher-level thinking strategies for all students. Developed for reading educators, this rich resource incorporates higher-level thinking and reading strategies that promote academic achievement for both gifted learners and struggling students. Susan E. Israel, Dorothy A. Sisk, and Cathy Collins Block, recognized leaders in the fields of reading and literacy, provide teachers with tools to create collaborative literacy classrooms where students can generate ideas independently, discuss them, and then develop new concepts within a group environment. Collaboration boosts critical thinking skills and helps develop and enrich reading, writing, speaking, and thinking experiences not just for gifted readers but for all learners. You'll gain important insights on understanding how collaborative literacy affects gifted students and your entire classroom. Building collaborative literacy using specific resources such as adaptable lessons and activities. Creating an enriched collaborative literacy environment for all students. Involving parents in collaborative literacy learning. Stimulating creativity to increase critical thinking and develop richer comprehension. Develop higher-level thinking and reading strategies to help your students become independent researchers, writers, and readers.

Out of the Present Crisis Terence T. Burton, 2012-05-21. Today organizations have achieved an overall failure rate above 80 percent with Lean Six Sigma. Lean Six Sigma and continuous improvement in general. This is certainly not due to a shortage of books, consultants, and other online resources about the methodologies and tools or the success stories of Toyota and others. However, it is due to a shortage of knowledge and practice about the most critical success factors of improvement: leadership, sustaining infrastructure, behavioral and cultural transformation, and now emerging technology. These factors produce 90 percent of the success with continuous and sustainable improvement; the methodologies and tools represent an irrelevant 10 percent. For decades, most organizations have focused on this quick and easy, irrelevant 10 percent through an

endless series of fad in vogue improvement programs as they attempt to mimic the best in class practices of the most successful organizations Out of the Present Crisis Rediscovering Improvement in the New Economy is the contemporary version of Deming s famous 1982 book Out of the Crisis The author builds a solid case for organizations to aggressively pursue the next generation of systematic and sustainable improvement through a combined strategy of Deming s back to basics innovation and breakthrough thinking integration of emerging and enabling technology and adaptive improvement across diverse environments and industries The book s practical pragmatic style is backed up by many real world examples and personal experiences If you re looking for another book about Lean or Six Sigma tools this is not it But it is a book about how to achieve lasting success by making improvement the cultural standard of excellence and living code of conduct in organizations This popular book provides executives with an up to date and proven reference guide for rediscovering successful systematic and sustainable improvement in today s economy The author demonstrates the importance of viewing improvement as a continuous manageable process and covers the most critical success factors of leadership sustaining infrastructure behavioral and cultural transformation and emerging technology in a practical no nonsense how to do style The book provides specific guidance for all industries including public and private corporations hospitals financial services airlines municipalities and federal state and local governments **50th Yearbook of the National Reading Conference**
