Improve Series: Fractions Mirella Trimboli,2018-03-01 The Striving to Improve Series targets students who for whatever
 reason are struggling to keep up with their peers The activities in the books are designed to prevent students from
 regressing any further at school The tasks are based on a modified curriculum so that students can work at their own pace
 and without constant supervision from the teacher This book Fractions is focused on the Number and Algebra Strand of the
 Australian Curriculum for lower ability students and those who need further opportunity to consolidate these core areas in
 mathematics The section entitled Understanding Fractions enables students to re encounter ideas of equivalent fractions
 simplifying fractions improper fraction mixed numerals and comparing fractions The section entitled Calculating With
 Fractions walks students through the four core calculations These activities are a useful way to scaffold a new unit of
 Mathematics and will help build confidence for lower ability students to attempt more challenging problems at their year
 level The activities are designed to guide student learning with minimal input from the teacher and there is a strong
 emphasis on process and understanding The activities can be used for individual students needing further consolidation in a
