A periodic table of elements is shown, with a yellow banner across the middle that reads "e 30%". The banner is partially cut off on the left and right sides. The periodic table includes elements from Hydrogen (1) to Oganesson (118). The elements are color-coded: noble gases are light blue, halogens are light green, and other elements are light yellow. The banner is positioned over the middle of the table, covering elements from the second and third periods.
