The Cadillac Northstar V-8 Anthony Young, 2017-01-31 Cadillac has had a long history in the automotive marketplace as General Motors luxury car division. During the 1980s Cadillac's management wanted to reestablish the brand as a leader in sophistication, innovation, refinement, and prestige. Engineers conceived a new dual overhead cam four valve per cylinder V-8 engine, the Northstar. This power plant was the heart of Cadillac's Northstar System, which included a greatly improved suspension and braking system. The division redesigned its entire line to incorporate these new technologies for the 1990s and beyond. The Northstar was the last engine designed and built by Cadillac before the 2005 establishment of GM Powertrain, which took over engine design for all GM divisions. This history of the Northstar V-8 and the cars it powered covers the first generation front wheel drive Northstar, the second generation rear wheel drive model, and the supercharged version, along with racing history and the most collectible Northstar powered Cadillacs. **Relics of the Franklin**

Expedition Garth Walpole, 2017-01-25 Sir John Franklin's Arctic expedition departed England in 1845 with two Royal Navy bomb vessels, 129 men, and three years' worth of provisions. None were seen again until nearly a decade later, when their bleached bones, broken instruments, books, papers, and personal effects began to be recovered on Canada's King William Island. These relics have since had a life of their own: photographed, analyzed, cataloged, and displayed in glass cases in London. This book gives a definitive history of their preservation and exhibition from the Victorian era to the present, richly illustrated with period engravings and photographs many never before published. Appendices provide the first comprehensive accounting of all expedition relics recovered prior to the 2014 discovery of Franklin's ship HMS Erebus. *Cars & Parts*, 1994 **Vanity Fair**, 2013 **The Antique Automobile**, 1966 Includes a tenth anniversary issue dated Nov 1945
