It presents information derived from narrative accounts of real life trafficking cases, interviews with convicted human traffickers, empirical research and criminal case files to expose the grim realities of human trafficking in America perpetrated by Americans. Readers will grasp the origins, evolution and extent of the problem, understand how trafficking plays an unrecognized role in our day to day lives and see why advancements in awareness and anti trafficking resources have not changed the status quo. The victims of trafficking continue to be criminalized by law enforcement and the offenders continue to exploit and profit from new recruits.
