Creationism and Anti-Creationism in the United States Tom Kaden, 2018-09-20 This book deals with professional creationist and anti creationist organizations in America and describes how the conflict between science and religion is the result of the interaction between these two groups It retraces their history from the 1960s onwards and identifies crucial turning points that led to new forms of creationism and anti creationism It explains their strategies labels and arguments as effects of this history and structure Taking a field theoretical approach the book avoids problems of prior creationism research making it possible to identify the mechanisms through which creationism generates new strategies arguments and media output The field model is used as an interpretive tool to make sense of some of the most important creationist and anti creationist publications and media statements **Already Gone** Ken Ham, Britt Beemer, 2009-05-01 Over 100 000 copies in print If you look around in your church today two thirds of the young people who are sitting among us have already left in their hearts soon they will be gone for good This is the alarming conclusion from a study Answers in Genesis commissioned

from America's Research Group led by respected researcher Britt Beemer. The results may unnerve you; they may shake long held assumptions to the core, but these results need to be taken seriously by the church. *Already Gone* reveals why America's churches have lost an entire generation of believers. The views of 1,000 twenty somethings solidly raised in the church but no longer attending and their reasons why. Relevant statistical data effectively teamed with powerful apologetics. The study found that we are losing our kids in elementary middle school and high school rather than college and the Sunday school syndrome is contributing to the epidemic rather than helping alleviate it. This is an alarming wake up call for the church showing how our programs and our approaches to Christian education are failing and our children are paying the price. Though the statistics reveal a huge disconnect taking place between our children and their church experience, *Already Gone* shows how to fight back for our families, our churches, and our world. We can make a difference today that will affect the statistics of tomorrow in a positive and Christ-focused way. **NRB**, 2006

The Encyclopedia of Northern Kentucky Paul A. Tenkotte, James C. Claypool, 2009-10-27. The Encyclopedia of Northern Kentucky is the authoritative reference on the people, places, history, and rich heritage of the Northern Kentucky region. The encyclopedia defines an overlooked region of more than 450,000 residents and celebrates its contributions to agriculture, art, architecture, commerce, education, entertainment, literature, medicine, military, science, and sports. Often referred to as one of the points of the Golden Triangle because of its proximity to Lexington and Louisville, Northern Kentucky is made up of eleven counties along the Ohio River: Boone, Bracken, Campbell, Carroll, Gallatin, Grant, Kenton, Mason, Owen, Pendleton, and Robertson. With more than 2,000 entries, 170 images, and 13 maps, this encyclopedia will help readers appreciate the region's unique history and culture as well as the role of Northern Kentucky in the larger history of the Commonwealth of Kentucky and the nation. Describes the Golden Triangle of Kentucky, an economically prosperous area with high employment, investment, and job creation rates. Contains entries on institutions of higher learning including Northern Kentucky University, Thomas More College, and three community and technical colleges. Details the historic cities of Covington, Newport, Bellevue, Dayton, and Ludlow and their renaissance along the shore of the Ohio River. Illustrates the importance of the Cincinnati Northern Kentucky International Airport as well as major corporations such as Ashland, Fidelity Investments, Omnicare, Toyota North America, and United States Playing Card.

God Interrupts History Lieven Boeve, 2007-05-25. The role of Christian faith in contemporary culture has changed dramatically. Both detraditionalization, the interruption of the handing on of faith from one generation to the next, and pluralization of Christianity are no longer the dominant player on the religious field. These have caused a rupture between faith and its social context. After an analysis of the contextual changes, the author sketches the fundamental aspects of a theology of interruption. This forms the basis for his further analysis of religious experience, rituals, and sacraments, negative theology, religious plurality, and incarnation and apocalypticism. *The Christian Writers Market Guide 1999* Sally E.
