The Epic Structure of Space 1999 John K. Balor, 2018-02-18 This book contains transcripts from Online Alpha discussions where the epic and narrative structure of SPACE 1999 is being discussed by comparing episodes with themes characters and elements of plot from the Homeric Odyssey and Lewis Carroll s stories about Alice The discussion is motivated by questions raised in the scholarly literature and earlier Online Alpha debates about how to make sense of SPACE 1999 from the viewpoint of critical theory The book has been developed on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com [Listener and BBC Television Review](#) ,1990-07 *The Listener and BBC Television Review* ,1966 *New York Magazine* ,1984-01-23 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Television** ,1952 [The Global Encyclopaedia of Informality, Volume 3](#) Alena Ledeneva, 2024-02-26 For a post human hitchhiker human life with its anxiety ageing illness and constant need for problem solving may look unviable Yet for humans the life struggle is softened by human touch human emotion and human cooperation The Global Encyclopaedia of Informality Volume 3 continues the journey of the two previous volumes into the world s open secrets unwritten rules and hidden practices It focuses on issues of emotional ambivalence and pressures of the digital age The informal practices presented in this volume demonstrate the urgency of alleviating tensions between continuity and all too rapid change and the need to tackle the central problem of modern societies uncertainty The volume takes a reader on a biographical journey through elusive taken for granted or banal ways of getting things done from over 70 countries and world regions It offers innovative understanding of the significance of fringes and challenges the assumption that informality is associated exclusively with poverty underdevelopment the Global South oppressive regimes or the former socialist countries of Eastern Europe and Central Asia It also maps the patterns of informality around the globe identifies specific informal practices in a context sensitive way and documents their ambivalent impact on people engaged in problem solving on societies in which these problems arise and on humanity overall Praise for The Global Encyclopaedia of Informality Volume 3 This book tells a story of human cooperation It is not the narrative you ll find in books teaching you how to solve problems It is an assemblage of something much more endemic fundamentally human and much more pervasive than we tend to think of informality It involves money and power but also the alternative currencies of gaining advantage or gaming the system Bruce Schneier author of A Hacker s Mind Alena Ledeneva s latest database of rule bending is a goldmine for documentary makers and storytellers Entries from 70 countries covering a human lifespan from Chinese anchor babies to funeral feasts in Azerbaijan offer remarkable insights into the way the world really
