century Interactivity Collaboration and Authoring in Social Media first prospects the last millennium for antecedents of today's authoring practices It does so with a view to considering how today's digital manifestations are a continuation perhaps a reiteration perhaps a novel pioneering of humans abiding interest in interactive narrative The book then takes the reader inside the process of creating a collaborative interactive narrative in today's social media through an authoring experience undertaken by a group of graduate students The engaging mix of blogs emails personal diaries and fabricated documents used to create the narrative demonstrates that a social media environment can facilitate a meaningful and productive collaborative authorial experience and result in an abundance of networked personally expressive and visually and textually referential content The resulting narrative After Love Comes Destruction based in Shakespeare's Romeo and Juliet shows how a generative narrative space evolved around the students use of social media in ways they had not previously considered both for authoring and for delivery of their final narrative artifact *Getting the Buggers to Read 2nd Edition* Claire

named Rich University for one of its founders and most generous donors *The Art of Straightening Nails* Randy Judd,2017-12-31 *The Art of Straightening Nails* is a story of hope conquering self and regaining lost love This novel should appeal to anyone who has struggled to reclaim their lives from pains of the past I was drawn into the story of protagonist Robert Rhodes from page one It is the story of the strength and courage of a growing boy who sees for himself a better future despite a poverty stricken neglectful past The reader cannot help but love the main character and weep for his life s story Author Randy Judd does a masterful job with his character development This is an amazing story of hope and the unbelievable triumph of the human spirit Amazon Review Set in the South during the 60 s and 70 s the saga follows Robert Rhodes as he reminisces about his life His childhood had not been a pleasant innocent experience Aside from the poverty and endless disappointment his family endured the boy had also known personal challenges of neglect and abuse Even as an adult Robert continues to be fettered by his past After realizing the source of his lifelong pain he confronts his past in a dramatic climax to the story Not until Robert deals with his past is he able to be emancipated from it His new freedom allows him to find the love and success he had always sought *The Art of Straightening Nails* leaves the reader with hope and empowerment in conquering their own barriers to happiness *Fizzle* Norman Gerard,2009-12-21 *Fizzle* is a compilation a journal if you will of events and snippets from my experience in the film industry for over forty years There was no place to log the bumpy ride that led to the demise of the American Independent film movement an industry that once sizzled You might say this book is about the Fizzle of the Sizzle It is wishful thinking on my behalf to believe this book will explain how the sharks got away with fleecing filmmakers and why they will continue to do so Indie filmmakers unlike the dinosaurs will reinvent themselves The hope is that this journal might save a few schmucks who are as naive as I was when I made my first two films The nightmare is that it might attract a new generation of scumbags who can learn how to screw filmmakers Both scenarios will undoubtedly play out To paraphrase Shaw in my sole disclaimer I often quote myself in order to spice things up a bit Norman Gerards tome is full of sound and fury Hes got an impassioned viewpoint about why it all went wrong The time has come for someone to offer a bruising critique to speak truths about the indie world that the media has largely either chosen to ignore or missed while they fell in love with the colorful young characters and the so called spirit of American indie cinema Gerard would argue that spirit is more like a disease that the so called honesty of the American indie film movement masked essential business deceptions that would inevitably lead to the current disastrous landscape Prepare for a rollicking ride through good times and bad high art and low lifes auteurs and con artists Gerard has them all in the pages of this book If there were any money left for indie film productions it might make a great film and it clearly won t be a studio backed picture Its got corrosive honesty hard hitting political implications sleazy characters no major star would want to play all topped off by a downbeat ending Theres one word for the spirit of this tome Its truly INDEPENDENT Steven Gaydos Variety Executive Editor
