& Planning Marianne Sargent, 2018-05-03 100 Ideas for Early Years Practitioners Observation Assessment Planning is not only filled with easy to implement and practical ideas for the early years classroom but it also demonstrates why assessment is an important formative tool to help further children's learning. In this book early years expert and experienced author Marianne Sargent explains the cycle of observation assessment and planning with advice on how to carry out different types of observation guidance on how to make effective use of observations to assess children's knowledge and understanding and explanations for how to use this information to inform future planning. The book also offers ideas on how to carry out summative assessments as well as how to organise assessment information for reporting purposes. With the ever increasing focus on observation assessment and planning in the early years this book is a must have for all practitioners looking to effectively introduce all three into their setting while still ensuring the children in their care are in an environment where they can be confident, feel supported and still have fun as they grow and learn. *Teaching and Learning in the Early Years*

David Whitebread, Penny Coltman, 2015-02-20 This best selling text book provides a broad ranging and up to date review of thinking and best practice within nursery and infant education. Written around the basic truth that an effective early years curriculum must start with the children, their needs and their potential, the contributors to this classic text acknowledge that learning must have a strong element of fun, wonder and excitement. Fully revised and updated in light of recent changes to the Early Years curriculum with brand new chapters on assessment, communication, writing, creativity and diversity, the contributors address a range of fundamental issues and principles including an analysis of research into how children learn, discussions of issues such as classroom organisation, curriculum management and assessment, a detailed section on play and language, chapters covering individual curriculum areas including new chapters on music and PSHE. Each chapter combines a review of important principles with practical and inspiring classroom examples throughout. It is essential reading for all Foundations Stage and KS1 trainee teachers, their tutors and mentors, and serving teachers working in the 3-7 age range who wish to reflect upon and develop their practice. National Curriculum In The Early Years Dr Theo Cox, Theo Cox, 2014-05-01 The child centred principles of early years education which emphasize play and holistic learning are being challenged by the implementation of a subject based National Curriculum. The contributors to this book explore this challenge and offer some ways of meeting it practically and productively. Issues covered include pedagogical issues such as the cross curricular topic based teaching, teacher's attitudes to subject knowledge, assessment issues including baseline assessment at the age of five and parental attitudes to the National Curriculum and its content at Key Stage 1. *A Framework for Physical Education in the Early Years* M. E. Carroll, Miss Hazel Manners, Hazel Manners, 2003-10-04 This best selling book examines the National Curriculum Physical Education to Key Stage 1. It identifies six basic principles which provide the foundation for the rationale, curriculum content, the teaching and the planning processes required. *Teaching Across the Early Years 3-7* Hilary Cooper, Chris Sixsmith, 2004-11-23 This practical and accessible book explores ways of

developing continuity and coherence in children's learning from three to seven years old. It is based around three case studies in which tutors on Initial Teacher Training courses worked with early years practitioners in three different pre-school settings each linked to a primary school. The book describes how they successfully managed to plan and teach integrated themes across the age range in the context of the requirements of the Foundation Stage and the National Curriculum. Each case study has a different focus: science, design and technology, the arts, including an ICT strand, the humanities, including a physical education strand, English and mathematics. Dimensions run through each theme. The book is alive with discussion of children's art, language, drama and music, captured as field notes, writing, drawing and as video tape. Each chapter concludes with suggestions of ways in which readers can develop the ideas in their own contexts. This book will be invaluable reading for students on Early Years courses, Early Years practitioners and tutors and mentors in early childhood education.

Teaching Thinking Skills Across the Early Years Belle Wallace, 2013-04-15. This book helps teachers incorporate problem solving and thinking skills into the National Curriculum at the Foundation Phase and Key Stage 1 in line with QCA and DfES recommendations. It presents a range of activities for children aged 4-7 years, all of which have been tried and tested in classrooms. The ideas are cross-referenced with the Learning Objectives of the National Curriculum and are enhanced with samples of children's work. It provides sections on the core subjects of literacy, numeracy and science and ideas for project work across the curriculum. This book is aimed at teachers at the Foundation Phase and Key Stage 1. Teacher trainers, student teachers, teaching assistants, parents and all those working in early years settings will find it equally useful.

Planning for Learning through The Twelve Days of Christmas Rachel Sparks, Linfield, Penny Coltman, 2012-11-07. Plan for six weeks of learning covering all six areas of learning and development of the EYFS through the topic of the twelve days of Christmas. The Planning for Learning series is a series of topic books written around the Early Years Foundation Stage designed to make planning easy. This book takes you through 12 days of activities on the theme of the 12 days of Christmas. Each activity is linked to a specific Early Learning Goal and the book contains a skills overview so that practitioners can keep track of which areas of learning and development they are promoting. This book also includes a photocopiable page to give to parents with ideas for them to get involved with their children's topic as well as ideas for bringing the six weeks of learning together. The weekly themes in this book include ideas for advent, the Christmas story, Christmas cards and decorations and organising your very own Christmas party.
