A Galactic Adventure: A New Beginning Jim Senjanin, 2025-04-29 Unbeknownst to Earthlings the Milky Way Galaxy is much more complicated with several powerful planetary systems positioning for control Three of the most powerful planetary systems Torm Belten and Grel have entered into a fragile alliance to help ensure galactic peace and stability But the Grel continue to test the strength of the alliance They have identified Earth as an ideal entity for harvesting much needed undersea minerals The Torm and Belten leaders recognized that they would not be able to pass on control of their respective systems via natural childbirths To counter their heir concerns they embarked on an ambitious plan to design

two children using the genetics of the Belten and Torm leaders To help ensure the secrecy of the program it was decided to raise the children on the Torm protectorate planet Earth After completing their grammar school studies the children were told they were aliens and sent to the Belten space academy for further study The children were ultimately informed of their future roles and the need to become proficient in the use of their special skills As the young leaders Carson and Celine progressed through the academy program they were asked to assist in resolving several galactic issues As they worked together using their special skills to combat various galactic threats their love for each other grew strong During a stealthy undersea mineral operation on Earth the Grel discovered a spacecraft that belonged to a once very powerful alien race To keep peace the Grel reported their finding to their alliance partners The two academy students with their unique abilities were able to communicate with the alien craft And ultimately they used the alien spaceship in their missions to help resolve several galactic issues Combining high stakes political drama cutting edge science fiction and an emotional story of legacy and leadership this epic space saga launches a powerful new trilogy

The Lazarus Parable John Bonner,2007-08 For those who live there Earth is both paradise and prison a place for people to live out their lives with no hope of leaving or knowledge of what exists beyond this world Then on one otherwise uneventful day two odd looking men from another planet suddenly appear with an offer the citizens of Earth can't refuse the power to travel into the unexplored frontiers of the universe But first the Earthlings must prove they can bring peace to their world and show love for their fellow man At first Earth's inhabitants are skeptical of their new friends but soon realize the magnitude of the gift these aliens have offered They are given five years to end their wars and create an atmosphere of peace and social harmony needed to impress the union of worlds While the world is filled with excitement the Reverend Jimmy Jordan questions his faith in God which leaves no room for the existence of life beyond Earth He studies the Bible in earnest to strengthen his beliefs and he discovers a startling secret concerning Earth's new friends one that could have dire consequences for the planet and the people living on it
