

Creature Alliteration Poem

Giraffeian

He lives in purple pears that are perfectly perpendicular.

He eats green grubs and gravestones from the graveyard.

He likes dumb Doritos dipped in dirt.

He smells like hamburger helper hurt by a horse.

He piled, pooped, pumped, and pulled at & on my leg.

Regular classroom teachers will find it useful for language arts. The first part of the book focuses on methodology and offers suggestions for ways to integrate poetry writing with the curriculum. The second part of the book contains twenty-five easy-to-follow lesson plans, each with poetry models and sample poems written by students of various ages and linguistic backgrounds. The third part of the book offers an index of teaching points and a glossary of grammar terms.

Location Writing Caroline Davey, Brian Moses, 2013-12-19 Presenting a powerful and stimulating approach to writing, *Location Writing* allows children to escape the confines of the classroom and develop written responses to their environment. Animal Narratology Joela Jacobs, 2020-12-15 *Animal Narratology* interrogates what it means to narrate, to speak, to speak for, on behalf of, and to voice or represent life beyond the human, which is in itself as different as insects, bears, and dogs are from each other, and yet more as individual as a single mouse, horse, or puma. The varied contributions to this interdisciplinary Special Issue highlight assumptions about the human perception of attitude toward and responsibility for the animals that are read and written about, thus demonstrating that just as the animal does not exist, neither does the human. In their zoopoetic focus, the analyses are aware that animal narratology ultimately always contains an approximation of an animal perspective in human terms and terminology, yet they make clear that what matters is how the animal is approximated and that there is an effort to approach

and encounter the non human in the first place Many of the analyses come to the conclusion that literary animals give readers the opportunity to expand their own points of view both on themselves and others by adopting another s perspective to the degree that such an endeavor is possible Ultimately the contributions call for a recognition of the many spaces moments and modes in which human lives are entangled with those of animals one of which is located within the creative bounds of storytelling
