

Antarctica

Antarctic ice, as far as the eye can see,
white as vanilla ice cream, frozen to extreme.
Survive the South Pole, where furious winds blow
and temperatures reach well below.
Scientists dare to live here!

Emperor Penguins, Weddell Seals surround icy
shores, while Orca whales eye up their next meal.
Icebergs, majestic mountains of the Continent,
reaching from the ocean depths.

Southern Lights dance across the sky, a truly
beautiful sight.

Antarctica's colossal, cosmic, ice shelves are
melting into our past.
Make climate change a priority and reduce global
warming fast!

Protect Antarctica regions - every animal, every
ice sheet, every glacier, nature's keepsake!
What action could you take?

Alliteration Poem About Antarctica:

Antarctica Bernadette Hince, Rupert Summerson, Arnan Wiesel, 2015-04-30 This is the first book whose subject is the music sounds and silences of Antarctica From 2011 until 2014 Australia marked its long standing connection with Antarctica by celebrating the centenary of the Australasian Antarctic Expedition The icy continent with its extremes of climate and environment and unique soundscapes offers great potential for creative achievements in the world of music and sound This book demonstrates the intellectual and creative engagement of artists musicians scientists and writers Consciousness of sounds in particular musical ones has not been at the forefront of our aims in polar endeavours but listening to and appreciating them has been as important there as elsewhere Antarctic, 2007 **The Poetics of the Antarctic** William E. Lenz, 2021-03-19 The thesis of this book is that the 19th century interest in the Antarctic functions for modern scholars as an important index to American self discovery and self definition from the 1830s onward According to the author American hopes for confirming identity came to be focused on an unlikely goal the discovery of the illusive Antarctic continent By examining in detail one literary product of the U S Exploring Expedition 1838 1842 to Antarctica James Croxall Palmer s epic poem Thulia A Tale of the Antarctic 1843 and its revision The Antarctic Mariner s Song 1868 and by locating these works within their cultural context Lenz reveals the significance and changing meaning of exploration to emerging American concepts of nationhood The volume also considers the tradition of American sea fiction in the works of such writers as James Fenimore Cooper Edgar Allan Poe and Herman Melville arguing that for these writers the Antarctic was a locus of symbolic meaning while for Palmer it was a process of individual and collective perception The 1868 version of the Palmer poem is attached here as an appendix A useful bibliography follows that appendix **Grade Booster to CBSE English Literature Companion (Poetry) Class 10** Baljinder Kaur, Grade Booster to CBSE English Literature Companion Poetry Class 10 helps students master each prescribed poem through simplified summaries literary device analysis and question answer practice Each poem includes a detailed explanation of imagery tone and message along with model answers aligned with exam patterns Booster Notes summarize important lines and poetic elements for easy revision Designed to improve analytical and expressive skills this guide makes poetry study enjoyable and productive A reliable companion for both classroom learning and board exam preparation ensuring excellence in literature **Brodsky Translating Brodsky: Poetry in Self-Translation** Alexandra Berlina, 2014-04-24 Winner of the Anna Balakian Prize 2016 Is poetry lost in translation or is it perhaps the other way around Is it found Gained Won What happens when a poet decides to give his favorite Russian poems a new life in English Are the new texts shadows twins or doppelgangers of their originals or are they something completely different Does the poet resurrect himself from the death of the author by reinterpreting his own work in another language or does he turn into a monster a bilingual bicultural centaur Alexandra Berlina herself a poetry translator and a 2012 Barnstone Translation Prize laureate addresses these questions in this new study of Joseph Brodsky whose Nobel prize winning work
