Allscripts Ehr User Guide:

A Researcher's Guide to Using Electronic Health Records Neal D. Goldstein, 2023-07-25 In an age when electronic health records EHRs are an increasingly important source of data this essential textbook provides both practical and theoretical guidance to researchers conducting epidemiological or clinical analysis through EHRs Split into three parts the book covers the research journey from start to finish Part 1 focuses on the challenges inherent when working with EHRs from access to data management and raising issues such as completeness and accuracy which impact the validity of any research project Part 2 examines the core research process itself with chapters on research design sampling and analysis as well as emerging methodological techniques Part 3 demonstrates how EHR research can be made meaningful from presentation to publication and includes how findings can be applied to real world issues of public health Supported by case studies throughout and applicable across a range of research software programs including R SPSS and SAS this is the ideal text for students and researchers engaging with EHRs across epidemiological and clinical research

The Health Care Handbook Elisabeth T. Askin, Nathan Moore, 2022-11-21 Described in the New York Times as an astonishingly clear user's manual that explains our health care system and the policies that will change it The Health Care Handbook by Drs Elisabeth Askin and Nathan Moore offers a practical neutral and readable overview of the U S health care system in a compact convenient format The fully revised third edition provides concise coverage on health care delivery insurance and economics policy and reform all critical components of the system in which health care professionals work Written in a conversational and accessible tone this popular highly regarded handbook serves as a one stop shop for essential facts systems concepts and analysis of the U S health care system providing the tools you need to confidently evaluate current health care policy and controversies
