Almost Home A Civil War Love Story:

Almost Home Beth L. Davis, 2014-12-20 Curiosity about my great grandmothers name Margaret Henry Hughes was the force behind the writing of this book Searching what few records survived I was surprised to discover her parents were a Volunteer Union Kentucky Cavalry soldier Henry Hughes and the daughter of a farmer in Confederate Georgia Eliza Anne Tucker Coming from opposite worlds they met fell in love and married during the Civil War The Union troops of which Henry was a part were occupying Elizas small hometown of LaFayette Georgia in the summer of 1864 The circumstances that allowed them to meet fall in love and marry are fascinating This story tells how the war brought them together and also how it made their lives very difficult Their time together was cut short when the Union forces left LaFayette shortly after they married For months Henry was involved in military action facing the dangers of the war They drew strength from the letters they received from each other After my research my curiosity was satisfied to find out why their daughter was named Margaret Henry Hughes At the end of the war in 1865 Henry was involved in a dramatic event that most Americans have never heard about Henry Hughes was among the thousands of soldiers who served our country during the Civil War Since that time many of those soldiers have become nameless faceless and forgotten Like my great great grandmother Eliza it is my hope that Henry Hughess service and memory will not be left in the forgotten cobwebs of history **Cordia's Will: A**

Wounded Hearts Jennifer Travis, 2006-05-18 The literary study of emotion is part of an important revisionary movement among scholars eager to recast emotional politics for the twenty first century Looking beyond the traditional categories of sentiment sensibility and sympathy Jennifer Travis suggests a new approach to reading emotionalism among men She argues that the vocabulary of injury with its evaluations of victimhood and its assessments of harm has deeply influenced the cultural history of emotions From the Civil War to the early twentieth century Travis traces the history of male emotionalism in American discourse She argues that injury became a comfortable vocabulary particularly among white middle class men through which to articulate and to claim a range of emotional wounds The debates about injury that flourished in the cultural arenas of medicine psychology and the law spilled over into the realm of fiction as Travis demonstrates through readings of works by Stephen Crane William Dean Howells Willa Cather Henry James and Edith Wharton Travis concludes by linking this history to twenty first century preoccupations with pain centered politics which she cautions too often focuses only on women and racial minorities
