

Soccer: My life

Hi everybody,
you can call me zen or Z. well at my school
i dont meet a lot of ppl who love soccer. i love
soccer and if you take it away from me its like
your taking my breath away. Right now im
injured so i feel like i can't breathe and i am
sad because my sister gets to play and i don't.
Now every time i play i have to put ice on it afterwards.
I just i feel like i've let my team down because they need
someone who is really fast(like me) and i just feel really
bad not to be playing. Everytime i play i feel like i can
touch the sky but since im not playing i feel useless. I just
want to get better so i can play with my team and play
for my school. The only thing i mostly do is play soccer
and since i can't right now i pretty much don't have anything
to do. I love soccer so much and i love all of my soccer friends
and they love me so much. I'm the coaches daughter so i have
to go to every game and when i see my sister play my heart
breaks into a million pieces because i can't do what i love <3

Alphabet Poems With The Word Soccer:

The Thinking Alphabet Frances Goldstein Rotkopf, 2009-11-02 *The Thinking Alphabet* is an alphabet book written in a humorous style. It can be used in grades one, two, three, and four. It contains strategies and techniques for teachers to use in all of the curriculum areas. The lessons are geared to improve academic performance by strengthening a child's thinking skills. The book tries to make learning challenging and exciting in the Content Areas. The strategies and techniques found in the book help children to logically analyze various comprehension skills. Ultimately, the children make meaningful judgments based on critical thinking skills. My book tries to imbue in children a love for reading. In the book, I incorporated reading for meaning with the teaching of phonics and word attack skills. There are thirty-one stories. Each story emphasizes one of the following seven comprehension skills: 1. Critical Thinking Subtopics: a. Is the story real or make-believe? b. Is the story fact or opinion? c. Another critical thinking skill that is taught is the Teacher of Persuasion. 2. How to draw inferences. 3. How to find the main idea. 4. How to determine sequence of time. 5. How to locate an answer. 6. How to find and relate details. 7. How to predict outcomes. The book contains two sections. One is the Children's Book; it has a Children's Table of Contents and the other a Teacher's Table of Contents which gives a synopsis of each lesson and a Teacher's Manual for each of the children's thirty-one stories. The Teacher's Manual is a walk-through for each lesson for the inexperienced as well as experienced teacher. Although the lessons are structured, the teacher is encouraged to use her and/or the children's creativity and input. The lessons within the book can be tailored to be simple or more complex. The teacher may use her own judgment considering the grade level of her children and/or her experience. The book contains the following curriculum areas: Reading, Listening, Speaking, Conversational Skills, Critical Thinking Skills, Spelling, Writing Skills, Creative Expression, Arithmetic, Science, Music, Singing, Art, Physical Fitness, Proper Social Behavior, and Conflict Resolution. In every lesson, there is an enrichment activity. The teacher is encouraged to give meaningful homework assignments that are listed in every lesson. The child's parents are given support to assist with this type of family homework. The lessons are Cross-Referenced. This will help teachers as an instructional guide. The book was field-tested in seven different schools within District 8. It was received with great enthusiasm. It was acclaimed by the Superintendent, Assistant Superintendent, and other personnel within District 8, Bronx, N.Y.

Writing Simple Poems Vicki L. Holmes, Margaret R. Moulton, 2001-07-16 *Writing Simple Poems* is a resource book that shows teachers how to use poetry writing to teach grammar and writing conventions. Appropriate for any age or fluency level, the book can be used by ESL, foreign language, or bilingual teachers as an adjunct to their writing program. Regular classroom teachers will find it useful for language arts. The first part of the book focuses on methodology and offers suggestions for ways to integrate poetry writing with the curriculum. The second part of the book contains twenty-five easy-to-follow lesson plans, each with poetry models and sample poems written by students of various ages and linguistic backgrounds. The third part of the book offers an index of teaching points and a glossary of grammar terms. *Ordinary*
