Andrew Mccarthy National Review:

The Scandalous Presidency of Barack Obama Matt Margolis, 2018-04-03 I m proud of the fact that we re probably the first administration in modern history that hasn t had a major scandal in the White House So President Barack Obama boldly declared before leaving office and numerous times since But is it true Not according to Matt Margolis bestselling co author of *The Worst President in History The Legacy of Barack Obama* Margolis lays out the details of literally dozens of Obama administration scandals that have been ignored downplayed or covered up by the mainstream media From Fast and Furious to the illegal IRS targeting of conservative groups to the recent NSA spying outrage Margolis makes a powerful case that the Obama years represented nearly a decade of lawless and abusive governance While Obama and his allies attempt to spin the narrative that his presidency represented a time of pristine politics it s critically important that Americans understand the truth Barack Obama brought to Washington corrupt Chicago machine politics of cronyism and corporate payoffs combined with audacious Alinskyite tactics aimed at dividing Americans and destroying his opponents Obama s legacy will be discussed and debated for decades But in the early months after he left office more scandals have been uncovered most notably an illegal scheme of using the NSA to spy on his political opponents and the frightening decision to block the prosecution of Iranian backed terrorists Far from being a virtuous New Camelot the Obama administration abused its power like few others

For God and Country Ralph Reed, 2020-03-31 Donald Trump Defender of Religious Freedom In 2016 many Christian leaders at first opposed candidate Donald Trump He was a former social liberal and his occasional vulgarity multiple marriages and divorces and tabloid scandals made it impossible for him to defend Christian values in public life Or so they thought Trump nevertheless won four fifths of the Evangelical vote in 2016 as well as the majority of the Catholic vote And in 2020 the idea that he can t represent Christians is demonstrably false He has been the most ardent and effective presidential defender of religious liberty and the pro life cause since Ronald Reagan and perhaps in U S history In *For God and Country* Dr Ralph Reed draws on his deep knowledge of American history his unsurpassed experience as a political strategist his personal dealings with President Trump and the First Family and his moral commitment as a Christian to show why Catholics and Evangelicals should continue to strongly support their unlikely champion In *For God and Country* Reed reveals The sincerity of President Trump s defense of the Christian faith and why he has delivered policy victories when other pro Christian presidents haven t Why Trump is the most pro Israel president in American history How liberals hope to demoralize Christians and thus defeat Donald Trump and reverse his pro life pro family pro religious freedom policies Why Never Trump Christians naively preach de facto political surrender For God and Country is not just required reading for the 2020 election it is required reading for every conservative Christian who loves America and wants to return it to Christian values *The Arab-Israeli Conflict in American Political Culture* Jonathan Rynhold, 2015-02-23 This book surveys discourse and opinion in the United States toward the Arab Israeli conflict since 1991 Contrary to popular myth it demonstrates that U S support for

Israel is not based on the pro Israel lobby but rather is deeply rooted in American political culture That support has increased since 9 11 However the bulk of this increase has been among Republicans conservatives evangelicals and Orthodox Jews Meanwhile among Democrats liberals the Mainline Protestant Church and non Orthodox Jews criticism of Israeli policies toward the Palestinians has become more vociferous This book works to explain this paradox *Oversight of the U.S.*

Politically Incorrect Guide to Immigration John Zmirak, Al Perrotta, 2018-05-21 America s immigration crisis is out of control Unregulated immigration has led to an increase in crime a loss of working class jobs an inflated welfare state and an elevated amount of terror threats on our home territory The clash of differing emotions facts and opinions reveal that this issue is not simply a nationwide disagreement it is an American crisis In *The Politically Incorrect Guide to Immigration* authors John Zmirak and Al Perrotta debunk the Left s most deceptive myths on this complex policy issue and reveal the huge implications that lie ahead for our nation s future Zmirak and Perrotta set the record straight on the history of American immigration uncover the principles with which our forefathers migrated to America affirm the respect with which migrants should treat our country if they wish to live here and assert real solutions to the immigration crisis America faces *The Politically Incorrect Guide to Immigration* equips readers with real life statistics and information and is packed with targeted arguments to help convince even the staunchest advocates for open borders that America needs to build The Wall You may think you know all about immigration but in *The Politically Incorrect Guide to Immigration* you ll learn Building The Wall would cost less than half of what we spend to educate illegal immigrants every year Illegal immigration costs American taxpayers 116 billion a year 62% of naturalized immigrants are for the Democrats only 25% are for the Republicans Competition from immigrants costs American worker 450 billion a year The Founders wanted to admit only immigrants who would make a net contribution and assimilate Millions of nineteenth century immigrants who couldn t make it in America went back home The percent of foreign born in the United States today is the highest since World War I and this time we re not doing Americanization After Reagan s 1986 Amnesty the illegal population went from 3.2 million to 11 million Over 700 000 foreign visitors to the United States in 2016 overstayed their visas Eighty percent of Central American women and girls who enter the United States illegally are raped along the way Non citizens are only 9 percent of our population but 27 percent of federal prisoners One hundred forty seven million more people from around the world would like to move to the United States **Faithless Execution** Andrew C McCarthy, 2014-06-03 We still imagine ourselves a nation of laws not of men This is not merely an article of faith but a bedrock principle of the United States Constitution Our founding compact provides a remedy against rulers supplanting the rule of law and Andrew C McCarthy makes a compelling case for using it The authors of the Constitution saw practical reasons to place awesome powers in a single chief executive who could act quickly and decisively in times of peril Yet they well understood that unchecked power in one person s hands posed a serious

threat to liberty the defining American imperative Much of the debate at the Philadelphia convention therefore centered on how to stop a rogue executive who became a law unto himself The Framers vested Congress with two checks on presidential excess the power of the purse and the power of impeachment They are potent remedies and there are no others It is a straightforward matter to establish that President Obama has committed high crimes and misdemeanors a term signifying maladministration and abuses of power by holders of high public trust But making the legal case is insufficient for successful impeachment leading to removal from office Impeachment is a political matter and hinges on public opinion In Faithless Execution McCarthy weighs the political dynamics as he builds a case assembling a litany of abuses that add up to one overarching offense the president's willful violation of his solemn oath to execute the laws faithfully The fundamental transformation he promised involves concentrating power into his own hands by flouting law statutes judicial rulings the Constitution itself and essentially daring the other branches of government to stop him McCarthy contends that our elected representative are duty bound to take up the dare Providing for Authority to Initiate Litigation... July 28, 2014, 113-2 H.Rept. 113-561, Part 1, 2014 **The Great Destroyer** David Limbaugh, 2014-10-14 Sean Hannity called it A must read book on the Obama administration's shameless pillaging of America Now updated with a new introduction previewing Obama's second term David Limbaugh's New York Times bestseller The Great Destroyer is more important than ever as a comprehensive indictment of Barack Obama's war on freedom prosperity and American power **Canceling Lawyers** W. Bradley Wendel, 2024 Lawyers who are criticized for representing unpopular clients in today's political climate these may include firearms manufacturers fossil fuel companies and powerful men accused of sexual misconduct explain that the long tradition of representing everyone is an essential ingredient in the defense of the rule of law They may see contemporary episodes of criticism as the threat of mob rule Like much of the controversy nowadays over cancel culture the two sides seem to be talking past each other This book explains that both sides are onto something The rule of law is a valuable political ideal but lawyers are people too and others care about the attitudes and motivations that underlie the representation of controversial clients
