The Fountainheads Donald Leslie Johnson, 2005-01-01. Speculation abounds about the relationship between Frank Lloyd Wright and Ayn Rand. Was Wright the inspiration for Howard Roark, the architect hero of Rand's *The Fountainhead*? What can be made of their collaboration on the book's failed 1944 movie adaptation and what can be gleaned from the 1949 Hollywood production of *The Fountainhead*? Where does the FBI Wright, who was dubbed a communist sympathizer, and Rand, who was called before the House Un-American Activities Committee, fit into the story? Art, architecture, philosophy, film and politics come together in this exploration which relies on the writings of Wright and Rand, FBI files, visual evidence and more to cement their connection. Chapters are devoted to Wright and Rand, the two together, their parts in both the failed production of *The Fountainhead* and the successful one, and the effect FBI harassment had on the movie and on their lives. Subsequent chapters discuss Wright's place as a Hollywood architect and offer telling set designs and architectural images from the 1949 production of *The Fountainhead*. Several appendices supplement the illustrated text and there is a filmography of movies mentioned in the book. A bibliography and index are also included.

The Los Angeles Plaza William David Estrada, 2009-02-17. 2008 Gold Award in Californiana, California Book Awards, Commonwealth Club of California, 2010 NACCS Book Award, National Association for Chicana and Chicano Studies. City plazas worldwide are centers of cultural expression and artistic display. They are settings for everyday urban life where daily interactions, economic exchanges and informal conversations occur, thereby creating a socially meaningful place at the core of a city. At the heart of historic Los Angeles, the Plaza represents a quintessential public

space where real and imagined narratives overlap and provide as many questions as answers about the development of the city and what it means to be an Angeleno. The author, a social and cultural historian who specializes in nineteenth and early twentieth century Los Angeles, is well suited to explore the complex history and modern day relevance of the Los Angeles Plaza. From its indigenous and colonial origins to the present day, Estrada explores the subject from an interdisciplinary and multiethnic perspective, delving into the pages of local newspapers, diaries, and letters, and the personal memories of former and present Plaza residents in order to examine the spatial and social dimensions of the Plaza over an extended period of time. The author contributes to the growing historiography of Los Angeles by providing a groundbreaking analysis of the original core of the city that covers a long span of time, space, and social relations. He examines the impact of change on the lives of ordinary people in a specific place and how this change reflects the larger story of the city.
