Sackville (countess De la Warr.), 1906 **Anne of Brittany, the Story of a Life** Dominique Le Page, 2007 Cultural and Political Legacy of Anne De Bretagne: Negotiating Convention in Books and Documents (Gallica, V. 16) Cynthia Jane Brown, **Anne de Bretagne, Duchesse Et Reine. [With Plates, Including Portraits.]** Georges Gustave TOUDOUZE, 1938 *Creation of Brittany* Michael Jones, 1988-07-01 Michael Jones is recognised on both sides of the Channel as an authority on late medieval Breton history In this book he brings together much of his work on the subject examining not only the administration of the duchy but also more intangible questions about the identity of a late medieval state St. Anne in Renaissance Music Michael Alan Anderson, 2014-05-12 Devotion to St Anne the apocryphal mother of the Virgin Mary reached its height in the fifteenth and early sixteenth centuries Until now Anne s reception history and political symbolism during this period have been primarily discussed through the lens of art history This is the first study to explore the music that honoured the saint and its connections to some of the most prominent court cultures of western Europe Michael Alan Anderson examines plainchant and polyphonic music for St Anne in sources both familiar and previously unstudied to illuminate not only Anne s wide ranging intercessional capabilities but also the political force of the music devoted to her Whether viewed as a fertility aide wise mother or dynastic protector she modelled a number of valuable roles that rulers reflected in the music of their devotional programmes to project their noble lineage and prestige **Manuscripts, Market and the Transition to Print in Late Medieval Brittany** Diane E. Booton, 2016-12-05 Manuscripts Market and the Transition to Print in Late Medieval Brittany surveys the production and marketing of non monastic manuscripts and printed books over 150 years in late medieval Brittany from the accession of the Montfort family to the ducal crown in 1364 to the

duchy's formal assimilation by France in 1532. Brittany, as elsewhere, experienced the shift of manuscript production from monasteries to lay scriptoria and from rural settings to urban centers as the motivation for copying the word in ink on parchment evolved from divine meditation to personal profit. Through her analysis of the physical aspects of Breton manuscripts and books—parchment and paper, textual layouts, scripts and typography, illumination and illustration—Diane Booton exposes previously unexplored connections between the tangible cultural artifacts and the society that produced, acquired, and valued them. Innovatively, Booton's discussion incorporates archival research into the prices, wages, and commissions associated with the manufacture of the works under discussion to shed new light on their economic and personal value.

Anne de France and Her Family (1325-1522) Zita Eva Rohr, 2025-07-23 This book demonstrates that premodern elite and royal women were critical to the geopolitical success of late medieval territorial monarchies, the progenitors of early modern states. It aims to communicate the unexceptionality of female political influence in medieval and early modern Europe. Manifesting sophisticated and informed leadership in times of challenge and transformation, women such as Anne de France, her matrilineal line, and the elite women and girls in her orbit were key to early modern government, politics, and diplomacy. Through a longue durée case study, this book examines generations of a premodern matriline culminating in Anne, beginning with Elisabetta di Carinzia and her daughter Elionor de Sicilie, continuing with Elionor's daughters in law moving into the territories of the insular and peninsular kingdoms of Naples into France with Elionor's granddaughter Yolande d'Aragon and into England with Yolande's granddaughter Marguerite d'Anjou, to influence and underwrite powerful and influential territorial monarchies. Together, these women and the others discussed in this study form an important part of Anne de France's matrilineal heritage, providing her with a historical template of lived political experience on which to construct her own gendered political theory and practice.

Queens and Mistresses of Renaissance France Kathleen Wellman, 2013-05-21 DIV This book tells the history of the French Renaissance through the lives of its most prominent queens and mistresses, beginning with Agnès Sorel, the first officially recognized royal mistress in 1444, including Anne of Brittany, Catherine de' Medici, Anne Pisseleu, Diane de Poitiers, and Marguerite de Valois, among others, and concluding with Gabrielle d'Estres, Henry IV's powerful mistress during the 1590s. Wellman shows that women in both roles, queen and mistress, enjoyed great influence over French politics and culture, not to mention over the powerful men with whom they were involved. The book also addresses the enduring mythology surrounding these women, relating captivating tales that uncover much about Renaissance modes of argument, symbols, and values, as well as our own modern preoccupations. div *Queens, Queenship, and Natural Resource Management in Premodern Europe, 1400-1800* Susan Broomhall, Clare Davidson, 2025-04-14 This innovative collection examines how European queens participated in the conceptualisation, mobilisation, and transformation of natural resources from the fifteenth to the end of the eighteenth century. Early modern queens interacted with human and nonhuman worlds through natural resource management activities that have rarely been

the focus of sustained historical analysis This volume engages with the wide range of nonhuman materials living and inanimate that premodern queens had the power to direct and dispose of to utilise enjoy and commercialise to visualise and commemorate and even to destroy on and in their lands forests waterways and oceans Both queenship and natural resource management were configured by contemporary gender ideologies which structured a dynamic relationship between queenship and the more than human world The case studies in this collection explore how queens natural resource management was impacted by their cultural and personal contexts particularly their changing status as queens regnant consort dowager or regent The contributors draw on diverse materials and employ a variety of historical approaches including political economic cultural literary legal and animal studies to demonstrate how queens interacted with the nonhuman world and how their engagements were embedded in premodern gender rules This collection will be of great value for undergraduate and postgraduate students and scholars in gender and women s history environmental history queenship studies and early modern studies
