THE MAGNIFICENCE OF THE 3 Timeout A. Taumua,2023-10-05 Greetings The **THE MAGNIFICENCE OF THE 3** title was extracted from a quote attributed to the legendary NIKOLA TESLA stating that If you only knew the magnificence of the 3 6 and 9 then you would have the key to the universe The magnificence of the three as I claim was a reference to the atom s three particles Yes I found the ATOM in the Torah If you know then you know the implications As I followed its tracts to the New Testament God revealed to me the identities of the Tree of Knowledge Tree of Life Garden of Eden and the Ark of the Testimony along the way Scientists define their design and purposes without understanding and inadvertently reveal God s hidden treasures Come review the record for yourself and for your elders before they move on You will never fully know God until you know what this Garden is and its Trees God s design is a thing of beauty and it cannot be accessed with faith So enjoy and meet God the Scientist Creator of Heaven and Earth

The Deepest Sense Constance Classen, 2012-05-15 From the softest caress to the harshest blow touch lies at the heart of our experience of the world Now for the first time this deepest of senses is the subject of an extensive historical exploration The Deepest Sense A Cultural History of Touch fleshes out our understanding of the past with explorations of lived experiences of embodiment from the middle ages to modernity This intimate and sensuous approach to history makes it possible to foreground the tactile foundations of Western culture the ways in which feelings shaped society Constance Classen explores a variety of tactile realms including the feel of the medieval city the tactile appeal of relics the social histories of pain pleasure and affection the bonds of touch between humans and animals the strenuous excitement of sports such as wrestling and jousting and the sensuous attractions of consumer culture She delves into a range of vital issues from the uses and prohibitions of touch in social interaction to the disciplining of the body by the modern state from the changing feel of the urban landscape to the technologization of touch in modernity Through poignant descriptions of the healing power of a medieval king s hand or the grueling conditions of a nineteenth century prison we find that history far from being a dry and lifeless subject touches us to the quick

The Parables Paula Gooder, 2020-09-23 The third volume in the Biblical Explorations series from bestselling New Testament writer Paula Gooder explores a major exponent of the Gospels the parables of Jesus Covering every parable this volume focuses on some of the best known stories in the gospels mining their meaning afresh today It considers why Jesus spoke in pictures and opens up the world behind the parables to reveal just how striking memorable and challenging they were for their original hearers Biblical Explorations is an exciting series that offers an accessible and informed study of the best loved texts in Scripture Rooted in the conviction that greater understanding of the Bible leads to deeper discipleship it is an essential resource for preachers teachers and study group leaders as well as those who simply wish to get to know the Bible better

At the Crossroads , 1992 *The Art of World Learning* Richard Slimbach, 2023-07-03 This is a visionary consciousness raising book that asks us to rethink the purposes and design of study away and study abroad experiences in

the context of a broadened set of global threats including climate disruption soaring inequality ecosystem breakdown the dying off of distinct languages and cultural communities and the threat of a nuclear catastrophe As we ask students to truly comprehend this world from the privileged perspective of the global North Rich Slimbach asks us to consider two fundamental questions What and how should we learn And having learned for what should we use what we know A panoply of pedagogies and methods of inquiry from study away abroad and service based learning to diversity programming environmental education and community based research aim to develop students who both understand the challenges faced by global communities and act in ways that advance their social and environmental health What temperaments social habits and intellectual abilities will they need to help heal their corner of creation And what pedagogical perspectives principles and procedures can best support them in this creative challenge Rich Slimbach argues that transforming student consciousness and life choices requires a global learning curriculum that integrates multi disciplinary inquiry into the structural causes of problems that riddle the common good along with mechanisms that bid students to cross borders to pay attention and to listen to those unlike themselves At its heart this book proposes a truly transformative approach to community engaged global learning
