to a particular city or region and reach a fairly general readership intersted in entertainment and information This work is a  
follow up to their earlier Index to City and Regional Magazines of the United States Titles are arranged alphabetically to  
facilitate access each entry includes a historical essay on the magazine s founding development editorial policies and content  
Entries also include two sections that provide data on information sources and publication history arranged in tabular form  
for ready reference In choosing the magazines to be profiled Riley and Selnow attempted to represent not only the biggest  
and most successful of this genre but also some smaller and newer titles plus significant earlier magazines that are no longer  
in print Special care was also taken to achieve an even geographical spread To attain greater accuracy regional writers were  
enlisted to do the entries on their own region These writers provide valuable information on how the various magazines  
began how conditions have caused them to change their problems their editors and publishers and their content as well as  
colorful and little known facts of their operation Magazines were arranged alphabetically and two informative appendices list
