

Alliteration Poem

Alliteration is the repetition of the first consonant sound in words. You can use these sentences to create a poem. Good examples are tongue twister such as:

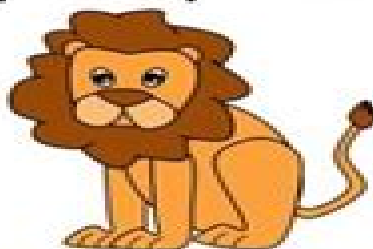

*Peter Piper picked a pack of pickled
peppers*

She sells sea shells by the sea shore

Leo the Lion

Leo the lion loved the outdoors,
He had four very mighty paws.

Leo liked the little lightening bugs at night,
During the day they were out of sight.

The Poetry of the Alliterative Revival , Alliterative Poetry in Middle English the Dialectal and Metrical Survey James P. Oakden,1930 **Alliterative Adventures** Rajani Mula,2025-03-21 Alliterative Adventures a collection of short stories penned by the various young literary prodigies of TGRS JC for Girls Bodhan is a truly classy compilation that covers a wide range of themes guided by their talented teacher Mrs P Rajani PGT of English at Yedapally Bodhan On reading a few tales in this effective anthology it felt aptly titled as Alliterative Adventures As someone familiar with Mrs P Rajani s work I know a little about her love for alliteration which means the use of the same letter or sound at the beginning of words that are close together Through this anthology it is eloquently evident that her students offsprings of her love for alliteration have amazingly replicated her love in a playful yet erudite way During the read of this book one can sense the passion hard work enthusiasm and appetite of the master writers to absorb brand new vocabulary with the help of thesaurus as expressed by Mrs P Rajani and exhibit it in their tales to obtain mastery over the language Their unsung interest and efforts over time are discernible through the appealing alliterative adverbs and adjectives Apart from the figure of speech alliteration I have observed varied themes that project positive values such as affection generosity togetherness friendship humanity and the importance of success to shine in life This book serves a great purpose for students and teachers of the English language being a source of inspiration for the enrichment of diction It is efficacious for aspiring writers exhausted with monotonous vocabulary I cannot help but appreciate Mrs P Rajani who is undoubtedly one of the best poets of this generation an exceptional teacher with outstanding teaching methods and an extraordinary orator for bringing out this alluring alliterative anthology I hope many more like this will be penned and published by her in the future Lastly I am wholeheartedly grateful to Mrs P Rajani for approaching me to share my opinion on this beautifully garnished Alliterative Anthology micro stories

Alliterative Revivals Christine Chism,2013-05-29 Alliterative Revivals is the first full length study of the sophisticated historical consciousness of late medieval alliterative romance Drawing from historicism feminism performance studies and postcolonial theory Christine Chism argues that these poems animate British history by reviving and acknowledging potentially threatening figures from the medieval past pagan judges primeval giants Greek knights Jewish forefathers Egyptian sorcerers and dead ancestors In addressing the ways alliterative poems centralize history the dangerous but profitable commerce of the present with the past Chism s book shifts the emphasis from the philological questions that have preoccupied studies of alliterative romance and offers a new argument about the uses of alliterative poetry how it appealed

to its original producers and audiences and why it deserves attention now Alliterative Revivals examines eight poems St Erkenwald Sir Gawain and the Green Knight The Wars of Alexander The Siege of Jerusalem the alliterative Morte Arthure De Tribus Regibus Mortuis The Awntyrs off Arthure and Somer Sunday Chism both historicizes these texts and argues that they are themselves obsessed with history dramatizing encounters between the ancient past and the medieval present as a way for fourteenth century contemporaries to examine and rethink a range of ideologies These poems project contemporary conflicts into vivid vast and spectacular historical theaters in order to reimagine the complex relations between monarchy and nobility ecclesiastical authority and lay piety courtly and provincial culture western Christendom and its easterly others and the living and their dead progenitors In this alliterative romance joins hands with other late fourteenth century literary texts that make trouble at the borders of aristocratic culture
