**August Strindberg and the Other** ,2022-05-20 The recent sesquicentennial of August Strindberg's 1849-1912 birth was an appropriate occasion for investigating the role of this towering figure in Nordic literature. By Eugene O'Neill once labeled the most modern of moderns, Strindberg the playwright has commanded a prophetic influence on 20th century drama and theater and his voluminous production in several other genres continues to constitute a watershed and some of the highpoints in Swedish letters. Yet Strindberg remains as controversial today as he was in his lifetime. The nature and degree of his modernity are still under discussion and so is the impact of his remarkable genre proliferation and border transgressing Swedishness. Once considered too unruly for the pillars of society and too pious for the radicals, his artistic and existential points of gravity remain in critical dispute. Generally subjected to traditional modes of inquiry, Strindberg's complexity calls for new critical approaches. *Strindberg and the Other* brings together scholars younger and older from Scandinavia and abroad who either venture such new approaches or engage their practitioners in fruitful dialogue. Especially promising among the volume's methodological and theoretical propositions is the notion of the other and otherness. Indeed the image of August Strindberg himself is quite an other at this millennium than it was just half a century ago. [Paths to Contemporary French Literature](#) John Taylor, 2017-07-05 The first volume of *Paths to Contemporary French Literature* offered a critical panorama of over fifty French writers and poets. With this second volume John Taylor, an American writer and critic who has lived in France for the past thirty years, continues this ambitious and critically acclaimed project. Praised for his independence, curiosity, intimate knowledge of European literature, and his sharp reader's eye, John Taylor is a writer-critic who is naturally skeptical of literary fashions, overnight reputations, and readymade academic categories. Charting the paths that have led to the most serious and stimulating contemporary French writing, he casts light on several neglected postwar French authors, all the while highlighting genuine mentors and invigorating newcomers. Some names: Patrick Chamboiseau, Pascal Quignard, Jean-Philippe Toussaint, Jean Rouaud, Francis Ponge, Aimé Césaire, Marguerite Yourcenar, J. M. G. Le Clezio may be familiar to the discriminating and inquisitive American reader, but their work is incisively re-evaluated here. The book also includes a moving remembrance of Nathalie Sarraute and an evocation of the author's meetings with Julien Gracq. Other writers in this second volume are equally deserving authors whose work is highly respected by their peers in France yet little known in English-speaking countries. Taylor's pioneering elucidations in this respect are particularly valuable. This second volume also examines a number of non-French, originally non-French speaking writers such as Gherasim Luca, Petr Kral, Armen Lubin, Venus Ghoura, Khata Piotr Rawicz, as well as Samuel Beckett, who chose French as their literary idiom. Taylor is in a perfect position to understand their motivations, struggles, and goals. In a day and age when so little is known in English-speaking countries about foreign literature, and when so little is translated, the two volumes of *Paths to Contemporary French Literature* are a boon. *General Catalogue of the Books Except Fiction, French, and German, in the Public Library*

This book offers a series of studies that come together in their concern for furthering an understanding of the French language of its uses its forms its variation and its acquisition Other than contributing to a general understanding of French this book also addresses the use of corpora for the study of language and the links between tools methods analyses and applications What data are used and how What are the underlying theoretical and or methodological considerations How have these changed our way of formulating linguistic descriptions What are the implications for descriptive accounts of French today What are the applications of corpus studies These questions and many more are addressed here in a series of scholarly contributions grouped into four broad areas diachrony syntax sociolinguistics and the learning and teaching of French The book provides an up to date and challenging account of French for researchers in French linguistics It will also be suitable for use on post graduate and some undergraduate courses providing useful information not only for students and teachers of French but also for language and linguistics students in general Many of the issues addressed are not specific to the French language and can be accounted for within a more general area of reflection within linguistics on changing relations between data theory and methods

*The Art of Meditation and the French Renaissance Love Lyric* Michael Giordano, 2010-01-01

The Art of Meditation and the French Renaissance Love Lyric examines the poetics of meditation in the French love lyric at the height of the Lyonnais Renaissance as illustrated by one of the country's most prominent writers Maurice Scève's *Le Livre de l'Amour* is the first French sequence of poems devoted to a single woman in the manner of Petrarch's *Rime* It is also the first Renaissance work to use emblems in a sustained work on love At their core most amatory lyrics involve a triple relation among lover beloved and the meaning of love Whether the poet lover is a man or woman poetic discourse generally takes the form of an interior monologue frequently intermingled with direct and indirect address to the beloved Though the dominant quality of this lyric is personal introspection Michael Giordano finds *Le Livre de l'Amour* to be consistent with traditions of Christian meditation He argues that the amatory lyric served as a vehicle for contests of value and paradigm change not only because it was conditioned both by sacred and profane sources but also because it occurred at a time of religious upheaval and scientific revolution

**Out of Russia** Adrian Wanner, 2011-06-09

Out of Russia is the first scholarly work to focus on a group of writers who over the past decade have formed a distinct phenomenon immigrants with cultural and linguistic roots in Russia who have chosen to write in the language of their adopted countries The best known among these are Andre Makine who writes in French Wladimir Kaminer who writes in German and Gary Shteyngart who writes in English Wanner also addresses the work of emerging immigrant writers active in North America Germany and Israel He argues that it is in part by writing in a language other than their native Russian that these writers have made something of a commodity of their

Russianness That many of them also happen to be Jewish adds still another layer to the questions of identity raised by their work In situating these writers within broader contexts Wanner explores such topics as migration cultural hybrids and the construction and perception of ethnicity
