Protecting Human Rights in Occupied Palestine Richard Falk, John Dugard, Michael Lynk, 2023-01-15 This book is the first comprehensive examination of UN efforts to protect Palestinian human rights in the territories occupied by Israel more than 50 years ago in the 1967 War Working through the UN Human Rights Council in Geneva three top international legal experts served for six consecutive years as unpaid Special Rapporteurs with a UN mandate to report on Israeli violations of international humanitarian law and human rights standards Being outside the discipline that controls UN bureaucrats they enjoyed a high measure of political independence in carrying out their factfinding and reporting missions Strikingly despite their differences in background and political outlook they came to a unanimous consensus confirming the routine and various Israeli violations of Palestinian basic rights This book recounts their frustrations their trials their experiences and their conclusions This joint effort breaks new ground in studies by the UN in several respects It demonstrates both the positive role played by the UN in a politically controversial area and its blockage by geopolitical forces preventing it from securing the implementation of international law However the intense reactions of Israel and pro Israeli NGOs to this UN work most notably by UN Watch attest to the significance of a reliable accounting of Israeli violations of Palestinian human rights Their consistent evasion of the substantive charges made by careful reporting and recourse by Israeli supporters to discrediting defamatory attacks on the persons of these Special Rapporteurs with charges of anti-Semitism the core of which is subtly shifted from its proper usage as hatred of Jews to justifiable criticism of the state of Israel While some might argue that the UN inability to enforce international law as futile or worse view the UN as merely a vehicle of power politics this book proves that international public opinion and international solidarity politics are influenced by persuasive expert findings as to international law Such well evidenced conclusions encourage transnational activism as is evident from increased worldwide support for the BDS Campaign and other nonviolent external pressures This brilliant and authoritative account of the manner in which Israel has administered the Occupied Palestinian Territory during the past 20 years should be regarded as the definitive assessment of that situation

[Hamas](#) Paola Caridi, 2023-11-28 When the radical Islamist group Hamas was elected to lead Palestine in 2006 the Western world was shocked How had the majority of Palestinians come to support an extremist organization and how would the group's new political power affect the larger Israel Palestine conflict Italian journalist and historian Paola Caridi offers a clear eyed account of how the conditions in this war torn region led to the rise of Hamas and an unbiased look at the complex feelings that Palestinians have toward getting behind a government that supports violent resistance By breaking from the sensationalist journalism surrounding the elections Caridi is able to tell the story of a movement caught between the desire to resist its oppressor and the need to provide support for a refugee people Caridi informed by years of on the ground research and interviews with residents of Gaza and leaders of Hamas covers the

history of Gaza from its golden age as a port city to the formal birth and slow militarization of Hamas This English language translation brings the reader to present day Palestine by offering a never before seen chapter on Operation Cast Lead the shocking WikiLeaks disclosures and the Cairo Revolution Hamas paints a picture with intelligence dexterity and heart of a people trapped in the most historic of political battles and reveals the strange complexities behind the controversy by explaining one of the key players in the search for peace and justice that runs through the central crisis of the Middle East today

Islam and Contemporary Civilisation Halim Rane, 2010 Islam and Contemporary Civilisation examines the most complex debates and dilemmas facing Islam today both internally and in its relations with Western civilisation Halim Rane provides a concise and comprehensive introduction to Islam and modern developments in Muslim thought and tackles questions of Islamic law human rights democracy jihad and the Israel Palestine conflict in the context of Islam West relations In confronting these challenging issues Rane proposes a way forward that has far reaching implications for advancing mutual understanding and finding common ground between the Muslim world and the West
