TV Guide ,2006 **The B Word** Maria San Filippo, 2013-04-12 Often disguised in public discourse by terms like gay homoerotic homosocial or queer bisexuality is strangely absent from queer studies and virtually untreated in film and media criticism Maria San Filippo aims to explore the central role bisexuality plays in contemporary screen culture establishing its importance in representation marketing and spectatorship By examining a variety of media genres including art cinema sexploitation cinema and vampire films bromances and series television San Filippo discovers missed moments where bisexual readings of these texts reveal a more malleable notion of subjectivity and eroticism San Filippo s work moves beyond the subject of heteronormativity and responds to compulsory monosexuality where it s not necessarily a couple s gender that is at issue but rather that an individual chooses one or the other The B Word transcends dominant relational formation gay straight or otherwise and brings a discursive voice to the field of queer and film studies **The Hollywood Reporter** ,2008 **Focus On: 100 Most Popular American Dance Musicians** Wikipedia contributors, **Emmy** ,2009
