

ANTIGONE

SOPHOCLES

BACKGROUND

The specific circumstances surrounding the origin of Greek drama were a puzzle even in the 4th century BC. Greek drama seems to have its roots in religious celebrations that incorporated song and dance. By the 6th century BC, Athenians had transformed a rural celebration of Dionysus into an urban festival with dancing choruses that competed for prizes. An anonymous poet came up with the idea of having the chorus interact with a masked actor. Later, Aeschylus transformed the art by using two masked actors, each playing different parts throughout the piece, essentially inventing Greek drama as we know it. With two actors and a chorus, complex plots and conflicts could be staged as never before, and the poets who competed in the festival were no longer writing elaborate hymns, but true plays. Athens was the only Greek city-state where this art form evolved; the comedies, tragedies, and dramas handed down to us from the period, although labelled generically as "Greek," are in fact all Athenian works.

Ancient Greek Theatre Sophocles And Antigone Guided Notes
