Angels, Ghosts and the Otherworld S. Vest, 2016-10-08 For most of us the supernatural and all of its trappings are the stuff of late night movies and paperback chillers For some the forces of the spiritual and occult are elemental like the seasons shifting between lightly ethereal and harshly icy Forces that are a constant reminder of a distant past and a foreboding of the darkest future Angels Ghosts and the Otherworld is a memoir from the life of author S Vest Read with both mind open and lights on Spanning childhood through to womanhood Shannon s vivid prose draws back layer upon layer of spiritual mystique expertly guiding the reader on a journey toward Edgar Allan Poe s ultimate question Is all that we see or seem but a dream within a dream

**Angels, Ghosts and the Otherworld** S. Vest, 2014-11-09 Angels Ghosts and the Otherworld takes the reader on a spine tingling sometimes humorous journey into the mind of a reluctant ghost whisperer and even more reluctant psychic Ms Vest weaves an intriguing web full of supernatural and paranormal experiences that leads one to wonder what is real and what is simply a figment of imagination

*Haunted Halls* Elizabeth Tucker, 2009-10-20 Why do so many American college students tell stories about encounters with ghosts In Haunted Halls the first book length interpretive study of college ghostlore Elizabeth Tucker takes the reader back to school to get acquainted with a wide range of college spirits Some of the best known ghosts that she discusses are Emory University s Dooley who can disband classes by shooting professors with his water pistol Mansfield University s Sara who threw herself down a flight of stairs after being rejected by her boyfriend and Huntingdon College s Red Lady who slit her wrists while dressed in a red robe Gettysburg College students have collided with ghosts of soldiers while students at St Mary of the Woods College have reported frightening glimpses of the Faceless Nun Tucker presents campus ghostlore from the mid 1960s to 2006 with special attention to stories told by twenty first century students through e mail and instant messages Her approach combines social psychological and cultural analysis with close attention to students own explanations of the significance of spectral phenomena As metaphors of disorder insanity and school spirit college ghosts convey multiple meanings Their colorful stories warn students about the dangers of overindulgence as well as the pitfalls of potentially horrifying relationships Besides offering insight into students initiation into campus life college ghost stories make important statements about injustices suffered by Native Americans African Americans and others
