Animation Sport And Culture:

Animation, Sport and Culture P. Wells, 2014-10-09 Animation Sport and Culture is a wide ranging study of both sport and animated films From Goofy to Goalkeepers Wallace and Gromit to Tiger Woods Mickey Mouse to Messi and Nike to Nationhood this Olympic sized analysis looks at the history politics aesthetics and technologies of sport and animation from around the globe *Animation and Advertising* Malcolm Cook, Kirsten Moana Thompson, 2019-12-17 Throughout its history animation has been fundamentally shaped by its application to promotion and marketing with animation playing a vital role in advertising history In individual case study chapters this book addresses among others the role of promotion and advertising for anime Disney MTV Lotte Reiniger Pixar and George Pal and highlights American Indian Japanese and European examples This collection reviews the history of famous animation studios and artists and rediscovers overlooked ones It situates animated advertising within the context of a diverse intermedial and multi platform media environment influenced by print radio and digital practices and expanding beyond cinema and television screens into the workplace theme park trade expo and urban environment It reveals the part that animation has played in shaping our consumption of particular brands and commodities and assesses the ways in which animated advertising has both changed and been changed by the technologies and media that supported it including digital production and distribution in the present day Challenging the traditional privileging of art or entertainment over commercial animation Animation and Advertising establishes a new and rich field of research and raises many new questions concerning particular animation and media histories and our methods for researching them The US Sports Film: A Genre of American Dream Time Danny Gronmaier, 2022-12-05 Sports and film are media that create time They are temporal not only in the sense that they are defined and regulated by certain temporalities as a result of processes of social negotiation but also in the sense of modulating and intervening in these processes in the first place They are determined by multiple temporalities referring to and aligning along perceptual corporeality but at the same time they also produce time through and along temporalities of bodily expression and perception Thus as much as we perceive and understand sports and film by means of our culturally coded conceptions of time this comprehension is itself already the product of these media s fabrication and modulation of certain audiovisual imaginations of time This book examines these imaginations with regard to US team sports feature films understanding the former as the latter s constitutive conflict which makes these films graspable as a genre in the first place By addressing temporality as an ever new crystallization of a heroic past and an unattainable future in a saturated yet volatile present this conflict connects substantially to the American Dream as an idea of community building historicity Departing from a non taxonomic approach in genre theory and such philosophical recognition of the American Dream as less an ideological narrative but more a social and socially effective imaginary embedded in an audiovisual discourse of time this book demonstrates the interrelation of sports cinema and American subjectivization along close readings of the poetics of affect of five exemplary sports films FIELD
