

CHAPTER 1

The Flame of Tar Valon

The Wheel of Time turns, and Ages come and pass leaving memories that become legend, then fade to myth, and are long forgot when that Age comes again. In one Age, called the Third Age by some, an Age yet to come, an Age long past, a wind rose in the Mountains of Dhoom. The wind was not the beginning. There are neither beginnings nor endings to the turning of the Wheel of Time. But it was a beginning.

Born among black, knife-edged peaks, where death roamed the high passes yet hid from things still more dangerous, the wind blew south across the tangled forest of the Great Blight, a forest tainted and twisted by the touch of the Dark One. The sickly sweet smell of corruption faded by the time the wind crossed that invisible line men called the border of Shienar, where spring flowers

investigations Alpha Masculinity Eric Louis Russell,2021-04-15 This book examines the linguistic and discursive mechanisms that realize the mythological American Alpha Male Providing an in depth dissection of corpora from an online socio commercial community a pop psychology guru and fictional gay erotica it unravels the ways language gender and hegemony play out in this ideological figure of neopositive essentialist masculinity Through a detailed multi level analysis Russell shows how the Alpha figure combines elements of dominance normativity and androcentrism and how these forces intersect with neoliberal and pseudoscientific discourses to establish a uniquely hybridized male hegemony one that is familiar to most but whose internal mechanisms remain largely unquestioned and unexamined This book will be of interest to academic scholars in sociolinguistics discourse analysis cultural studies and gender and sexualities studies

Contemporary Chinese Novels in Translation since 1978 Yun Wu,2024-10-14 This book aims to complement the traditional focus of translation studies which has primarily centered on translating English into other languages It presents a comprehensive analysis of the reverse translation trajectory exploring the movement of Chinese literature into the core English literary domain The book aims to explore the ideological and sociological dynamics that underlie the translation of contemporary Chinese novels This is achieved through an examination of the translation selection process translation paratexts and the roles of translation agents Case studies are employed to illustrate specific linguistic literary and cultural challenges within translation It dissects the cultural and literary implications of translating genres such as women s writing science fiction and Internet literature The argument presented is that the translation of peripheral literature is indispensable in shaping global literature Beyond its literary implications the book identifies the political significance inherent in such reverse translation endeavors It suggests that the translation of Chinese literature holds notable political interest for the Chinese government which aims to reshape China s image and bolster the nation s soft power through literary translation This work will be an essential read to students and scholars of translation studies comparative literature and Chinese studies

EBook Publication for Training Joel Zarley,2011-05-13 One of the hottest topics in personal technology right now is eBooks and eReaders But how can this technology apply to workplace training Training groups have long published user guides and training manuals but now eBooks can change the way we design and distribute these materials This book explores the different formats of eBooks covers the workflow of publishing eBooks using low cost tools and explores how the most popular eReaders can be leveraged for training material in your organization Knowing with New Media Lena Redman,2018-11-21 This cutting edge book considers how advances in technologies and new media have transformed our perception of education and focuses on the impact of the privatisation of digital tools as a mean of knowledge production Arguing that education needs to adapt to the modern learner the book s unique approach is based on a disassociation with the deeply ingrained attitude with which people have traditionally viewed education learning the existing symbolic systems of certain disciplines and then expressing themselves strictly within the operational modes of these systems The ways of

knowledge production exploring recording representing making meaning of and sharing human experiences have been fundamentally transformed through the infusion of digital technologies into all aspects of human activity allowing learners to engage with their immediate natural social and cultural environments by capitalising on their individual abilities and interests This book proposes a new approach to teaching and learning termed cinematic bricolage which involves generating knowledge from heterogeneous resources in a do it yourself manner while making meaning through multimodal representations It shows how cinematic bricolage reconnects ways of knowing with ways of being empowering the individual with a sense of personal identity and responsibility helping to shape more aware social citizens

The Colonial Shadow Kira Celeste,2023-02-24 The Colonial Shadow examines the colonial psychology that has shaped what is now known as Canada This psychology has perpetrated devastating harm over the last half a millennium and continues to oppress Indigenous people and degrade the environment

This book is inspired by the tenet of depth psychology that stories and myths from one's own ancestry can bring about transformation and deep changes in perspective. As such, it investigates how an alchemical way of imagining into white settler colonial consciousness might contribute to its accountability and psychological healing today. *The Colonial Shadow* will be an invaluable resource for professionals, academics, and students of Jungian and post-Jungian ideas, settler colonial, and First Nations studies, sociology, anthropology, and cultural studies, as well as for anyone interested in addressing the colonial complex. *Digital Forensic Education* Xiaolu Zhang, Kim-Kwang Raymond Choo, 2019-07-24. In this book, the editors explain how students enrolled in two digital forensic courses at their institution are exposed to experiential learning opportunities where the students acquire the knowledge and skills of the subject matter while also learning how to adapt to the ever-changing digital forensic landscape. Their findings, e.g., forensic examination of different IoT devices, are also presented in the book. Digital forensics is a topic of increasing importance as our society becomes smarter with more of the things around us being internet and inter-connected, e.g., Internet of Things (IoT) and smart home devices, thus the increasing likelihood that we will need to acquire data from these things in a forensically sound manner. This book is of interest to both digital forensic educators and digital forensic practitioners, as well as students seeking to learn about digital forensics. [DocBook for Writers](#) Peter Lavin, 2015-02-02. This book is an introduction to DocBook aimed at technical writers rather than developers. It explains how to use and install the DocBook schema and transformation files and identifies the tools required to write, transform, and validate DocBook. Instructions are provided for doing this on Windows, Mac OS X, and Linux. Customized transformation style sheets are provided for creating HTML, PDF, and EPUB 3 output. Converting DocBook to and from other document formats is also covered, including conversion to Microsoft Word Open XML Document. [The Oxford Handbook of School Psychology](#) Melissa A. Bray, Thomas J. Kehle, 2011-02-18. The Oxford Handbook of School Psychology focuses on significant issues, new developments, and scientific findings that influence current research and practice in the ever-growing field of school psychology. Additional sections discuss building a cumulative knowledge base to better facilitate students' academic, social, and personal competencies, including the promotion of positive mental health and subjective well-being.
