 - When the supreme court holds that a civil liberty from the bill of rights applies to state govts through 14th amendment ; the clause was protected against state govt. By this process clause
 - o What's the difference between "selective incorporation" and "total incorporation"? Which approach has the U.S. Supreme Court used?
 - Gradual process by which the supreme court has chosen which civil liberties from bill of rights to incorporate through 14th amendment due
 - The idea that all of the civil liberties protected by the bill of rights should automatically be incorporated into the due process clause all at once
- These two concepts are closely tied to the Due Process Clause of the 14th Amendment: (1) Incorporation and (2) Unenumerated Constitutional Rights. What's the difference between those two constitutional sources of civil liberties?
 - Enumerated: rights that are said to be implied by the constitution but that are not actually mentioned in it
 - The difference between the two is in how liberties protected are discovered

"Ethnically Qualified" Christina Collins,2011-01-10 Why did the New York City school district once have the lowest ratio of minority teachers to minority students of any large urban school system in the country Using an array of historical sources this provocative book explores the barriers that African American and Latino candidates faced in attempting to become public school teachers in New York from the turn of the century through the end of the 1970s Christina Collins argues that no single institution or policy was to blame for the citys low numbers of non white educators during this period Instead she concludes in this deeply researched book that it was the cumulative effect of discriminatory practices across an entire system of teacher training and selection that created New Yorks unique lack of racial diversity in its teaching force Because of its size and diversity New York represents a particularly valuable case study to learn more about the history of urban teachers in the United States And with the current mandate for qualified teachers under the federal No Child Left Behind Act this fascinating historical account will be essential reading as we debate who is qualified to teach in public school classrooms now and in the future *Corporate Hacking and Technology-driven Crime* Thomas J.
