In our moment of crisis and rage, this question is everywhere. Scholars ask from where its desires emerged; pundits divine its political future; and the public asks how we lapsed into social chaos. For their part, white evangelicals feel misunderstood while failing to see the direction of their ambitions. We must interrogate its aims not only through its past or current trends but also through the various fantasies by which it rejects and enlivens reality. *Against* traces five zones of opposition: future knowledge, sexuality, reality, and society. If climate change is the greatest threat civilization has ever faced, then a faith aiding collapse must face analysis. If it swims in assured forgiveness, it feels no shame for its sins against humanity. If it wants a king, it threatens democracy. If it veils xenophobia, it shall be ever more cruel. In a critical and accessible history of odd ideas, DeLay chronicles the past and sketches its troubling future. It might die, but what's certain is that a faith built on nostalgia and supremacy won't moderate. We live in dangerous times, so let us consider its justifications: turmoil, appetite, and catastrophe. **American Satanic White Supremacy Exposed** Jose DelCorte, 2020-02-17 For Americans and Global citizens of the Earth, let us make one thing real clear: The American Government is satanic, and white supremacists controlled it. Author Jose DelCorte discovers the current facts and real state of the union in this explosive book on how white supremacy is institutionalized in the American Government today. Currently, Chicanos, Indigenous, and Mexicans are under attack by the United States Government. Doubt it? Then why do they spend millions of dollars tracking and hacking Jose DelCorte, and why have Americans legalized caging Brown children? Right

now at this very moment Brown Americans are currently being targeted by American law enforcement the military and the courts Jose has experienced this first hand and provides an account of events that has led him to write and report about his own experiences and how the American Government is operating on a daily basis The U S Government is controlled and operated by satanic white supremacists and they have many servants that obey their masters In this new and explosive book Jose links the American Government s satanic agenda with white supremacy In today s America new military technology is being used by local law enforcement and the taxpayers are paying for it all All of today s advanced technology is being used for spying on ordinary Brown Americans As Indians and Mexicans are the original inhabitants of this Land the American Government has done everything they can to suppress and oppress Brown people of human legal and civil rights American white supremacists are having their heyday under the leadership of the current white supremacist President Donald J Trump From the Federal to Municipal levels of American Government white supremacists are controlling and calling the shots in the military and in law enforcement The agenda of white supremacy is truly satanic in origin Since the era of the civil rights movement very little has changed for American ethnic minorities Chicanos Mexicans and Natives Indians have been struggling for their equal and civil rights but are getting nowhere under American law As a natural born Mexican American citizen Jose has been experiencing racism in America all of his life Jose has filed several lawsuits against the State of California County of Los Angeles and other public entities and various law enforcement agencies Jose exposes and details how the American Government uses advanced technology and employs a variety of people to carry out the American satanic white supremacist agenda From a philosophical perspective Jose also demonstrates how it is not in God s design or plan for American satanic white supremacists to control and oppress Brown people throughout the world Jose opens his new and controversial book with the fact that the One Supreme God does truly exist and created everything seen and unseen in all of the Universe Jose then goes on to explain how Chicanos Indians and Mexicans have suffered since the Europeans invaded and took control of their original land as far back as 1492 Jose then exposes the Courts and Government agencies for their financing and promoting of their illegal activities against Brown Americans American law enforcement operates to control and secure the legal rights of the American satanic white supremacists In this new and provocative book Jose proves his case with evidence names and locations of the American satanic white supremacists and their servants In Jose s view American satanic white supremacy can be defeated but not without the One Supreme In this book Jose covers the current state of philosophy politics spy technology and American law

Good and Evil in the Garden of Democracy Rodney Wallace Kennedy, 2023-04-13 Democracy faces threats from an emerging right wing movement in democratic governments around the world This may be even more prevalent in the United States because there is an evil that uses rhetorical tropes to undermine the anchor institutions of democracy press courts universities and Congress This evil has a personification former President Donald Trump All the rhetorical critiques of Trump that he is a demagogue an authoritarian a serial liar a populist on steroids fail to take into account the evil that is fomented by his angry and vengeful rhetoric Pictures of evil in Scripture philosophy and rhetoric bear a striking resemblance to Trump It is not enough to say that he is dangerous to democracy Kennedy claims that he is the evil seed in democracy that is even now sprouting new versions of the Trump rhetoric as each acolyte attempts to outrage the next Good and Evil in the Garden of Democracy screams at the evil fights against the evil and then attempts to sing the songs of goodness and democracy from poets prophets and rhapsodes For the health of democracy these words have been written Racism and Education in the U.K. and the U.S. Mike Cole, 2011-06-06 Extends Marxist analysis to include key concepts from the work of neo Marxists Antonio Gramsci and Louis Althusser It looks in detail at racism in the U K and the U S and goes on to examine the differences between schooling and education and their relationship to racism in those two countries and in the Bolivarian Republic of Venezuela Readings in American Government Robert Stanley Rankin, 1939 *Making War at Fort Hood* Kenneth T. MacLeish, 2015-03-01 An intimate look at war through the lives of soldiers and their families at Fort Hood Making War at Fort Hood offers an illuminating look at war through the daily lives of the people whose job it is to produce it Kenneth MacLeish conducted a year of intensive fieldwork among soldiers and their families at and around the US Army's Fort Hood in central Texas He shows how war's reach extends far beyond the battlefield into military communities where violence is as routine boring and normal as it is shocking and traumatic Fort Hood is one of the largest military installations in the world and many of the 55 000 personnel based there have served multiple tours in Iraq and Afghanistan MacLeish provides intimate portraits of Fort Hood's soldiers and those closest to them drawing on numerous in depth interviews and diverse ethnographic material He explores the exceptional position that soldiers occupy in relation to violence not only trained to fight and kill but placed deliberately in harm's way and offered up to die The death and destruction of war happen to soldiers on purpose MacLeish interweaves gripping narrative with critical theory and anthropological analysis to vividly describe this unique condition of vulnerability Along the way he sheds new light on the dynamics of military family life stereotypes of

The Global Industrial Complex Steven Best,Richard Kahn,Anthony J. Nocella II,Peter McLaren,2011-09-16 The Global Industrial Complex Systems of Domination is a groundbreaking collection of essays by a diverse set of leading scholars who examine the entangled and evolving global array of corporate state structures of hegemonic power what the editors refer to as the power complex that was first analyzed by C Wright Mills in his 1956 classic work The Power Elite In this new volume edited by Steven Best Richard Kahn Anthony J Nocella II and Peter McLaren the power complex is conceived as co constituted interdependent and imbricated systems of domination Spreading insidiously on a global level the transnational institutional relationships of the power complex combine the logics of capitalist exploitation and profits and industrialist norms of efficiency control and mass production While some have begun to analyze these institutional complexes as separate entities this book is unique in analyzing them as overlapping mutually enforcing systems that operate globally and which will undoubtedly frame the macro narrative of the 21st century and perhaps beyond The global industrial complex a grand power complex of complexes thus poses one of the most formidable challenges to the sustainability of planetary democracy freedom and peace today But there can be no serious talk of opposition to it until it is more popularly named and understood The Global Industrial Complex aims to be a foundational contribution to this emerging educational and political project
