Current and Future Trends on Intelligent Technology Adoption Mohammed A. Al-Sharafi, Mostafa Al-Emran, Garry Wei-Han Tan, Keng-Boon Ooi, 2024-06-12

This book explores current and future trends in adopting intelligent technologies among individuals and organizations. The edited book includes empirical and review studies primarily focusing on these issues. This focus aids scholars in conducting future research in the domain and identifying possible future developments of emerging technologies. The empirical studies in the book utilize recent and advanced analytical techniques for data analysis.

Proceedings of the International Scientific Conference "Smart Nations: Global Trends In The Digital Economy" Svetlana Igorevna Ashmarina, Valentina Vyacheslavovna Mantulenko, Marek

Vochozka, 2022-01-28. This book contains contributions from an international scientific conference Smart Nations Global Trends In The Digital Economy which was organized by the State University of Management Moscow. By presenting international research on the issues of the Smart Nations concept, this book includes topics such as smart business in a smart city, digital marketing systems, and Smart Nations phenomenon from social and business aspects. The conference proceedings cover legal, informational, technological, and other aspects of socio-economic development in the context of digital innovations. This work provides significant value for scientists, teachers, and students of higher educational institutions and specialists who are researching socio-economic development issues in the era of smart technologies.

Analyzing Current and Future Global Trends in Populism Cheek, Adrian David, 2021-10-29. After the 2008 financial crisis, the cultural and psychological imprint that was left appears to be almost as deep as the one that followed the Great Depression. Its legacy includes new radical politics on both the left and the right, epidemics of opioid abuse, suicides, low birthrates, and widespread resentment that is racial, gendered, and otherwise by those who felt especially left behind. Most importantly, it saw the rise and global spread of populism. Given that so many politicians of such different stripes can be populist, some argue the term is useless, but with so-called populists on the left and right experiencing a resurgence in the 21st century, the term is once again in the spotlight. There is a need for research on this increase in populist politics, the consequences for democracy, and what if anything should be done about this movement. *Analyzing Current and Future Global Trends in Populism* discusses the global rise of populism and anti-elitism through a look at the history of the term, an exploration of modern populism and the important events and figures in the movement. This book will measure the levels of populism across citizens and political actors, explore populism's positive consequences, study the rise of populism in national politics, and discuss the future of populism in the 21st century as a major societal movement. This book is ideally intended for professionals and researchers working in the fields of politics, social science, business, and computer science, and management executives in different types of work communities and

environments practitioners government officials policymakers academicians students and anyone else interested in populism the greatest new political and societal movement of the 21st century

Global Economic Outlook 2025: Trends, Risks, And Recovery Pathways Florence Faulkner, The world stands at the cusp of a transformative era grappling with unprecedented economic shifts and uncertainties In this landscape understanding the trajectory of global markets identifying emerging trends and anticipating potential risks is crucial for policymakers investors and businesses alike This book offers a comprehensive analysis of the global economic outlook for 2025 providing readers with valuable insights into the complex dynamics shaping our financial future The book delves into the core trends influencing the global economy from technological advancements to geopolitical tensions It examines how these forces drive growth and pose challenges across various sectors The analysis includes an in depth look at key economic indicators providing a nuanced understanding of market behaviors and economic cycles The exploration of these trends sets the stage for a detailed discussion on the potential pathways to recovery and sustainable development As the global economy navigates through a myriad of challenges identifying and addressing the risks becomes paramount The book highlights the critical risks that could derail economic progress such as trade conflicts cyber threats and climate change It also outlines strategic responses to mitigate these risks offering practical solutions for maintaining economic stability

Proceedings of the International Conference on Global Innovation and Trends in Economics and Business (ICOBIS 2022) Sanchita Saha,Dien Noviany Rahmatika,Ying Li,Khin Sandar Kyaw,Dewi Indriasih,Arif Zainudin,Achmad Nurmandi,Yanti Puji Astutie,Joko Mariyono,Purwo Susongko,Yuni Arfiani,2023-02-10 This is an open access book The conferences aims to support research and development in the field of Global Innovation and Trends in Economics and Business Another purpose is to improve scientific information exchange among researchers developers students and practitioners Every year the conference will be organised to provide an excellent platform for individuals to discuss their perspectives and experiences in the fields of Global Innovation and Trends in Economics and Business as well as related fields

Current Trends in Global Education: Bridging K-12 and Higher Education for an Interconnected World MARINA FALASCA,KARINA J.
